CANADA NOT TO SHELTER MACHADOS

Wife of Deposed Cuban President Denies Reports They Will Live in Dominion

Probably Will Reside Near Philadelphia

Mob in Camaguey, Cuba, Kills Policeman of the Machado Regime

Associated Press
Philadelphia, Aug. 17.—Senora Machado, wife of the deposed President of Cuba, to-day denied reports that the Machados had relatives in Canada and might go there. She said no plans for the future had been made.

Senora Machado, 37, manager of the hotel at which the Machados are staying, said the family expected to settle down in Philadelphia.

Camaguey, Cuba, Aug. 17.—Marcelo Herrero, a policeman charged with crimes committed under the deposed Machado administration, was killed by a mob to-day after he had wounded a man with his pistol. Two other persons were slightly injured.

The outbreak occurred after Herrero had been arrested.

AMERICAN BLAIN
Havana, Aug. 17.—Marques Sterling, former Cuban ambassador to Mexico, accepted appointment to-day as ambassador to the United States.

Blain, now in Washington, cabled his acceptance to Provisional President de Cespedes.

By John P. McKnight
Associated Press Correspondent
Havana, Aug. 17.—Cuba awaited to-day for the return from exile of former President Mario G. Menocal and Col. Carlos Menditea, and wondered what part they would play in reconstruction plans of the new Provisional Government.

Qualified observers professed to see a possibility that the two famous leaders against the overthrown regime of Gerardo Machado might ride back into favor and take an important role in the administration of President de Cespedes.

Col. Menditea, one-time Congressman and newspaper editor, said Florida February 18, remarking "Liberty is crushed in Cuba."

Gen. Menocal was in the United States for more than a year, during which time he directed activities of a revolutionary junta.

Plane Pilot Praised For Rescue of Man

O. Besner Recovering in Vancouver After Accident at Anderson Lake; Pilot MacKenzie Also Recovering

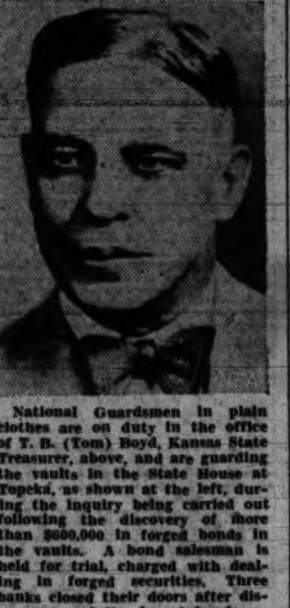

(Canadian Press)
Vancouver, B.C., Aug. 17.—Forest fire smoke, descent of darkness, or glassy calm water, the most deceptive of landings—one, or a combination of these conditions, may have caused the crash of a Wells Air Transport passenger airplane on Anderson Lake, 150 miles north of here, resulting in three deaths and three being injured Tuesday evening. This is the opinion of eye-witnesses who saw the plane swoop down to a prospective safe-landing, crash and sink in 300 feet of water.

The bodies of Mr. and Mrs. Ernie Dean, newly-married couple returning from Vancouver to their Bridge River home, are in a less serious condition. A Gray Parke, third survivor, not in the hospital, was recovering to-day.

Mr. Parke stated the water seemed so calm it appeared they had already made the landing.

It was amazing Pilot MacKenzie was able to extricate Mr. Besner, a large man, from the cabin, a witness stated. He and Mr. Parke worked desperately to get him out, and afterward turned to Mr. Butt, but he was probably dead when taken out. A heroic effort was made to rescue the Dean, but the plane sank and the survivors had to swim from it.

TROOPS GUARD KANSAS VAULTS DURING INQUIRY

All-American Final For Seniors' Golf Grand Championship

MAN KILLED AS CONSTABLE COMES

Lashburn, Sask., Aug. 17.—Brought to-day in a bush after a thrilling auto chase, a man who was believed to be J. C. Riddle of Edmonton, suspected of counterfeiting, met his death here yesterday afternoon after an abortive attempt to kill Constable A. M. Hutchinson of the R.C.M.P. Firing two shots in the air, the policeman called on the fugitive to surrender. The man aimed a gun at Hutchinson and pulled the trigger, but it failed to fire. Turning the muzzle toward his own head, the man appeared to be examining the weapon when it discharged. A bullet in the head brought instant death.

Constable Hutchinson had picked up the fugitive's trail near Soda Lake after receiving a call that a suspected counterfeiter was motoring in that direction.

MEXICAN CROP LOSSES
Mexico City, Aug. 17.—(Associated Press)—Heavy crop damage was caused to-day in Tampico and Panuco by reports of the Tamest and Panuco Rivers.

Gen. Menocal was in the United States for more than a year, during which time he directed activities of a revolutionary junta.

EXCHANGE TRADE TREATY FACTOR

French Minister, Returning to Canada, Talks of Fish and Lumber

(Canadian Press)
Ottawa, Aug. 17.—Charles Arsenault, French minister to Canada, just returned from a vacation abroad, sees little prospect of France expanding its purchases of Canadian wheat.

The minister thinks the recently proclaimed Franco-Canadian trade treaty has been practically neutralized by the disparity in exchange between Canadian and French currency.

"France imports very little wheat," the minister said, "and is able, in fact, to supply its own needs. When you see reports to the effect that the French Government insists on French bakers using 90 to 99 per cent French wheat, you must not assume this is directed against Canadian wheat, for as a matter of fact the variety which Canada exports is not the same type of wheat used in the making of French bread."

"France produces and uses soft wheat, while you export the hard variety."

The minister thought the exchange rates militated against France securing any increased volume of trade with Canada, although these operated to Canada's advantage and might result in an upswing of Canadian exports to the republic.

FISH AND LUMBER
France would, however, take up the entire quota of Canadian canned fish provided by the Franco-Canadian treaty. There was no prospect, Mr. Arsenault added, of increasing timber exports from this country to France.

MANY DIE IN CHINA FLOODS

Estimates of Deaths in Yellow River Region Run Up to 50,000

Crops in Large Area in Western Shantung Province Destroyed

Associated Press
Hankow, Hupoh Province, Central China, Aug. 17.—Widespread floods of the Yellow River in northern China were said to-day to have caused 50,000 deaths in the last few days.

Officials of the Kinkow-Hankow Railway, in giving this estimate, said many more undoubtedly had perished, but that the complete total would never be known.

In Honan province the river, called "China's Sorrow," was reported to have ceased rising, but in Shantung province to the northeast, the waters continue to rise.

CROPS DESTROYED
The China Famine Relief Commission in Peiping said the loss of life was heavy, but that the estimate of 50,000 deaths might be too large. All crops in an area fifty miles long and twenty wide in western Shantung were destroyed, missionaries reported.

Near Kaifeng, a city of 175,000 in Honan province, 1,000 peasants were drowned in a few minutes when dikes broke and the released waters rushed over a large district. But to-day the river receded from the highest level.

U.S. STUDENT IN GERMANY FINED

Associated Press
Bremen, Germany, Aug. 17.—Charles Manager of Los Angeles to-day was sentenced to three months' imprisonment on a charge of involuntary manslaughter in connection with the death of his friend, Karl Werner Hlew of New York aboard the liner Bremen.

The sentence, pronounced by a jury which heard the state attorney ask for a mild verdict because Manager had "proved himself an unrepentant drunk," will not take effect until September 30, 1934, if he pays a fine of 3,000 marks (\$1,100) immediately.

The wording of the sentence was taken to mean a "voluntary" manslaughter, but it was not clear whether the city student, will not be imprisoned at all unless he returns to Germany.

RELIEF FUND IN JAMAICA

Money Raised to Aid Those Who Suffered in Big Storm

Canadian Press
Kingston, Jamaica, Aug. 17.—Governor Sir Randolph Slater to-day opened a relief fund to aid sufferers in the food-stricken areas, where seventy deaths have been reported and damage is estimated at \$250,000 as a result of Tuesday night's storm, and later overflowing rivers. At noon to-day thirty-five bodies had been recovered and crews of volunteers were clearing away debris in search of other victims.

Reconstruction work proceeded to-day with repairs being made to bridges and buildings that were either swept away or so badly damaged as to become useless. One hundred houses were ordered abandoned by the officials as they were battered so badly as to become a public menace.

Relief stations are open in the city and in the parishes of St. Thomas, St. Catherine and St. Mary, where the six-hour electrical storm, accompanied by winds of high velocity, wreaked the most damage.

ASSASSINATION ATTEMPT
Sofia, Bulgaria, Aug. 17.—(Associated Press)—An unsuccessful attempt was made to-day to assassinate Alexander Tsankoff, former president of the Chamber of Deputies, and originator of the coup d'etat which overthrew the regime of Premier Alexander Stambouliski in 1923. Two bombs were thrown at him.

RAIL MERGER IS APPROVED

Washington, Aug. 17.—The Interstate Commerce Commission to-day conditionally authorized the Chicago Rock Island and Pacific Railway and eleven subsidiary corporations to merge into one corporation for ownership, management and operations.

The system, with an aggregate mileage of more than 8,000 in fourteen states, was permitted to carry out the merger on condition it set up a proper method of accounting under the transaction on which the commission is now working.

It also will be required, if the commission finds it appropriate, to acquire the Wichita Northwestern Railway.

James E. Gorman, president of the system, said the primary purpose of the merger was to give the Rock Island power to secure its bonds by direct lien on all the properties.

Sleeping sickness is the diagnosis of The Daily Province of the B.C. Government's ailment, after quoting a comment of its Victoria political correspondence in which he says "that state of agreeable unconsciousness which has prevailed since spring provoked this week with rather increasing intensity."

"Premier Tolmie," says the editorial, "hides himself somewhere in the midst of his mountain of silence, and there is no sign in Heaven or earth that he is coming back to the world of understandable things."

C.P.R. EARNINGS SHOW INCREASE

Montreal, Aug. 17.—Traffic earnings of the Canadian Pacific Railway for the week ended August 14 were \$2,157,000, as compared with \$2,112,000 in the corresponding period of last year, an increase of \$45,000.

POSSE WOUNDS WANTED MAN

Police Track Several Gangsters in Arkansas After Machine Gun Fight

Associated Press
Bentonville, Ark., Aug. 17.—Gene Johnson, believed by officers here to be a confederate of the Wilbur Underhill gang of escaped Kansas penitentiary desperadoes, was critically wounded and his wife suffered minor gunshot wounds early to-day in a gunfight with a large posse of officers in hills southwest of Bentonville. Johnson was taken to a hospital at Siloson Springs, Ark.

Sheriff G. L. Maples and officers from Oklahoma and Kansas, surprised a group of alleged associates of Underhill near Springfield at 2 a.m. to-day, and a fight followed in which machine guns were used on both sides.

Johnson was sought as the slayer of Patrolman Charles Bruce at McPheron, Kansas, the night of May 14. Bruce was shot when he came on four men stealing gasoline for their car.

Johnson was not among the eleven convicts who escaped from the Kansas penitentiary on Memorial Day, under the leadership of Underhill and Harvey Bailey, now held at Dallas, Texas, for the slaying of Sheriff J. W. McPheron, and the kidnapping of Charles F. Urschel, Oklahoma City oil man.

At last reports, the posse, with bloodhounds, was tracking several of the men who escaped during the battle this morning.

JAPAN WATCHES TARIFF MOVES

Action of Other Nations Discussed at Pacific Conference at Banff

By Charles A. Hayden, Canadian Press Correspondent
Banff, Alta., Aug. 17.—Desperate measures will be forced on Japan as a means of finding a way out of the dilemma of high tariffs as imposed against Japanese goods because of cheap labor, Dr. Komaki Takahashi, director of the Takahashi Economic Research Institute, Tokio, stated in a paper presented to-day at a round-table conference of the Institute of Pacific Relations here.

Dr. Takahashi was dealing with complaints made by British members at a round-table yesterday that low wages paid textile workers in Japan were illegitimate competition with Lancashire spinners.

The complaint Japan had been dumping products on foreign markets by virtue of the abnormal drop in the yen exchange rate, describing that fact as the situation as being merely temporary.

FURTHER BOOSTS
In his argument respecting cheap labor, Dr. Takahashi said that unless the situation were clarified the nations of the world would raise their tariffs against Japan even higher than at present. Unless they did so, he contended, they would have to lower their wages and their standards of living so as to compete with Japan.

"A deciding factor in Japanese wage conditions is the key industry, agriculture," Dr. Takahashi submitted. "When there is demand for labor in industry, there is a flood of men and women from the farms and this tends to influence manufacturers in keeping wages down. If western nations continue to do this, Japan will be forced to do the same."

Some of the concluding witnesses met his appeal by filing their briefs without comment.

J. H. Copping of Burnaby, stating he had made an extensive study of the matter under consideration and had intended to speak, said he would not burden the weary commissioners with remarks and declared he was withdrawing.

"No one can say this commission has disputed the right of everyone to appear or tried to foreclose on anyone," Lord Macmillan expressed his appreciation in the three-day sitting of the commission in British Columbia, one day in Victoria and two here, concluded.

FARMERS AND BANKS
S. H. Ford, reeve of Pitt Meadows, was asked yesterday afternoon's sitting by the chairman to address the commission.

"Farmers have not a very good opinion of the banks," he said.

In good times it was easy to borrow, according to Mr. Ford, who stated a bank manager had wanted to lend him \$5,000 when he asked for \$1,000. Later, (Turn to Page 2, Col. 4)

POLITICAL PARAGRAPHS

Sleeping Sickness.
Colonel Left High and Dry.
Parsons in Politics.
Posers for Kamloops Mayor.

Candidates nominated to date:
Liberals 36, Tolmie Unionists 3, Bonnetts 2, C.C.F. 35, Independents 19, United Front 2, Independent C.C.F. 3, Total 97.

November 9 still stands as the prospective polling day in British Columbia. Government party supporters and other parties are making their plans accordingly. Conservative newspapers are now printing semi-official announcements of an election early in November. Only the government's reluctance to give the signal to toll its death knell appears to be delaying the announcement.

Sleeping sickness is the diagnosis of The Daily Province of the B.C. Government's ailment, after quoting a comment of its Victoria political correspondence in which he says "that state of agreeable unconsciousness which has prevailed since spring provoked this week with rather increasing intensity."

"Premier Tolmie," says the editorial, "hides himself somewhere in the midst of his mountain of silence, and there is no sign in Heaven or earth that he is coming back to the world of understandable things."

Col. W. W. Foster appears to be left high and dry. He has informed the Columbia-Revelstoke riding that he will be unable to stand as an independent in that constituency as he is expected to run in the Gulf Islands, which he represented before the war.

The Colonel made it a condition that he should have a field with no Bonnetts or Conservative with other labels, opposing him in the Islands before he accepted the nomination, but the other Conservatives in the field have refused to withdraw.

It looked 0-6-5 as if V. R. Midgley will be the man the Trades and Labor Council will choose as its candidate to complete the four to run on the C.C.F. ticket in Victoria.

Police Commission Warns Against the Hooked Cross After Park and Street Riots

PLANS BETTER WHEAT

Details of an extensive programme to improve prairie wheat crops and thereby raise the premium which Canada obtains on world markets for its grain have been revealed by Dr. L. H. Newman, Ottawa, Dominion cerealist. He is at present doing research work on the prairie.

MAN IS FACING SEVENTY CHARGES
(Canadian Press)
Vancouver, Aug. 17.—Seventy charges of breaking and entering have been filed against John Jamieson, twenty-five, who was arrested yesterday by Chief J. Cameron and Detectives E. Munro and W. Rawlinson.

The officers have recovered a considerable quantity of stolen jewelry. Some of the property was in the form of gold ingots made by melting settings of precious stones and other jewelry.

BANK COMMISSION GOES TO CALGARY

Inquiry Board Will Hear Prairie Views; Vancouver Sitings End With Several Persons Filing Briefs

Canadian Press
Vancouver, Aug. 17.—The Royal Commission on Banking was en route to Calgary to-day with final words of appreciation in its ears for its willingness to hear all who wished to appear.

As yesterday's long sessions here were drawing to a close, Lord Macmillan, chairman, appealed to private witnesses to confine their remarks to matters under investigation.

Some of the concluding witnesses met his appeal by filing their briefs without comment.

J. H. Copping of Burnaby, stating he had made an extensive study of the matter under consideration and had intended to speak, said he would not burden the weary commissioners with remarks and declared he was withdrawing.

"No one can say this commission has disputed the right of everyone to appear or tried to foreclose on anyone," Lord Macmillan expressed his appreciation in the three-day sitting of the commission in British Columbia, one day in Victoria and two here, concluded.

FARMERS AND BANKS
S. H. Ford, reeve of Pitt Meadows, was asked yesterday afternoon's sitting by the chairman to address the commission.

"Farmers have not a very good opinion of the banks," he said.

In good times it was easy to borrow, according to Mr. Ford, who stated a bank manager had wanted to lend him \$5,000 when he asked for \$1,000. Later, (Turn to Page 2, Col. 4)

PENNSYLVANIA MINERS STRIKE

Associated Press
Lansford, Pa., Aug. 17.—Their plans for equalization of working time in mines of the Lehigh, Navigation and Coal Company rejected, unemployed miners at a mass meeting to-day adopted a resolution calling for a strike at all collieries of the company.

The action followed a demonstration at the company's main office in which leaders said more than 10,000 persons participated.

Leaders of the unemployed said about 5,000 miners in eight collieries of the company would be affected.

The meeting also adopted a resolution calling on district and international officials of the United Mine Workers of America to call a general strike in the anthracite industry.

SCHOLARSHIPS ARE AWARDED

Three Canadians Winners in Fisher Body Craftsman's Guild Competition

C. Pecknold, Victoria Winner, Attends Prize Ceremony and World's Fair

Chicago, Aug. 17.—Three university scholarships out of seven offered by the Fisher Body Craftsman's Guild to boys who built the best miniature model Napoleonic coaches in North America, go to Canadians.

The competition in Victoria was sponsored by The Daily Times.

Carson Pecknold of Victoria was the British Columbia junior champion winning a trip to Toronto and the Chicago Fair and \$100 in gold.

Last night, before 114 stars and prizes were given away by the Society of Progress Exposition, the Guild announced that Joseph Olafson of Leslie, Saskatchewan, and David Tennent of London, Ontario, had tied for the first senior scholarship, and because of the "dead heat" a last-minute decision was made to award both boys the \$5,000 that will give them college education.

The third Canadian scholarship winner was another London boy, Richard H. Guthrie, who ranked first among the juniors.

Guthrie, who is sixteen years old, was easily first in his class, but the other Ontario boy and his Saskatchewan competitor were so close for the senior award that the judges appealed to guild officers, who generously decided to award two senior scholarships.

(Turn to Page 2, Col. 3)

EXCHANGE RATES

Exchange rates at the close to-day, as reported by the Canadian Press, were:

Pound sterling, Montreal, \$4.76 1/2.
U.S. dollar, Montreal, 12 1/2.
French franc, Montreal, 5.64 1/2.
Canadian dollar, New York, \$4.49.
French franc, New York, 5.35 1/2.

DIED IN LOS ANGELES

Kingston, Ont., Aug. 17.—(Canadian Press)—Word has been received here of the death at Los Angeles, Cal., of Mrs. T. H. McGuire, widow of Chief Justice McGuire formerly of Prince Albert.

Bennett Not Aiding Farmers, Says King

IRAK SLAYINGS INVESTIGATED

Premier MacDonald Returns to London From Holiday to Consider Situation

Canadian Press and Associated Press
London, Aug. 17.—Prime Minister MacDonald interrupted his vacation at Loughborough, Scotland, to-day to come to Downing Street for conferences with governmental leaders.

Capt. Anthony Eden, Under-Secretary of State for Foreign Affairs, and Sir Robert Vansittart, Permanent Under-Secretary of State, visited him. It was believed among the matters brought before the Prime Minister was the present position of Assyrians in Iraq.

The London Daily Herald to-day reported more than 300 Assyrian Christians had been massacred in a village in northern Iraq, within two miles of an Iraqi army camp.

The commander of Iraqi troops, who was said to have used Kurds to attack the Assyrians as they were retreating from French Syria after recent border outbreaks, was blamed for the killings.

Mr. MacDonald conferred this afternoon with Sir Francis Humphreys, ambassador to Iraq, who returned especially for the meeting from Norway, where he had been spending part of his leave. It was decided the ambassador should return to Iraq immediately by air.

King went to the platform with Mr. Liberal leader in Saskatchewan, E. J. Young, member for Weyburn in the Dominion Parliament, and Robert McKenzie, who represents Assiniboia in the House of Commons.

From here Mr. King went to the Mackenzie constituency, being scheduled to address meetings there to-day and to-morrow. There will be a federal by-election in Mackenzie October 23.

FIRST-HAND INFORMATION
Mr. King told his audience yesterday evening he wanted to talk "not so much as the leader of a party but as a Canadian talking to fellow-Canadians" on the problems of the day. His trip had been exceptional in affording opportunities for meeting people and talking to them.

"Prosperity of the Dominion depends on prosperity of agriculture," said the Liberal leader. He was aware people of southern Saskatchewan had been called (Turn to Page 2, Col. 1)

Any Person Displaying Swastika in Ontario Capital Will Be Liable to Prosecution, States Mayor

Clashes Witnessed Yesterday Evening

Jewish Leaders Ask Their Compatriots to Restrain Themselves When Provoked

Canadian Press
Toronto, Aug. 17.—Warning that any citizen displaying the Swastika would in future be liable to prosecution, was issued by Mayor W. J. Stewart to-day, following a special meeting of the police commission.

The mayor's warning was contained in a statement which was supported by a number of Jewish citizens who have been asked to refrain from displaying the Swastika emblem displayed and not resort to the use of force.

The special meeting of the police commission to-day was called by the mayor, its chairman, to deal with widespread disorders which occurred throughout Toronto yesterday evening, when groups of Jews and Gentiles clashed and came to blows.

POLICE WATCHING
According to information given the police board, the Dominion, provincial and city police have the matter well in hand and are in possession of information as to the activities of organizations.

THOUSANDS IN RIOT
Toronto, Aug. 17.—Hundreds of infuriated Jewish and Gentile youths clashed, and a mob of 10,000 surged riotously around Willowdale Park here yesterday evening.

Swastika emblem, painted on a white quilt, had been displayed on the side of a hill.

One Jewish youth was struck over the head with a baseball bat, dozens of others received less serious injuries, fist fights and free-for-alls raged all over the park, and order was finally brought after police reserves had rushed to the park.

In one confused mass a section of the crowd, numbering more than 3,000, surged across the park and over the hill toward the emblem. Fighting broke out when Jews recognized Gentiles as the mob overflowed into Bloor Street.

Jewish youths overtook the four boys with the quilt, and proceeded to beat them and tear the flag away. Police drew their truncheons and escorted them to a police car.

Rioting broke out at the close of a baseball game between Harbord and St. Peter's junior teams at Willowdale Park, in the northwest section of the city. The teams were playing their third game in the park, and the initial engagement, a week ago, had been marked by a similar but smaller demonstration.

IRAK SLAYINGS INVESTIGATED

Premier MacDonald Returns to London From Holiday to Consider Situation

Canadian Press and Associated Press
London, Aug. 17.—Prime Minister MacDonald interrupted his vacation at Loughborough, Scotland, to-day to come to Downing Street for conferences with governmental leaders.

Capt. Anthony Eden, Under-Secretary of State for Foreign Affairs, and Sir Robert Vansittart, Permanent Under-Secretary of State, visited him. It was believed among the matters brought before the Prime Minister was the present position of Assyrians in Iraq.

The London Daily Herald to-day reported more than 300 Assyrian Christians had been massacred in a village in northern Iraq, within two miles of an Iraqi army camp.

(Continued from Page 1)

on to face exceptionally difficult conditions, and he commented on the bravery and optimism which characterized the people of this section of Canada. "Out of this transitory period of depression you have got something permanent and fine," he said.

"When another election comes around there will be three parties asking for your support," the Liberal leader continued. He dealt first with the Conservative Party, going back to the last general election campaign and contrasting the policies of the two great parties at that time.

BENNETT'S FAILURE
"While it is perfectly true men were walking the streets when Mr. Bennett came into power, the number since that time has grown until I believe it is greater than ever before," he asserted. The people had preferred Mr. Bennett's promises to the policies of the Liberal Party and his promises had failed, said Mr. King.

At the first session of Parliament after he assumed office, Mr. Bennett raised tariffs not only against foreign countries but against Great Britain. The people had preferred Mr. Bennett's promises to the policies of the Liberal Party and his promises had failed, said Mr. King.

The conference turned out a farce and a failure and Mr. Thomas said it was humbug," he declared with reference to the government, which he claimed resulted in jacking up the tariff to unprecedented heights.

FLIGHT OF FARMERS
The Liberal leader charged the government had failed to do those things which would have made the lot of the farmers easier. The farmers in certain sections were required to fight drought, hail and grasshoppers, but they also were called on to pay increased prices for the lack of markets.

"I suppose Mr. Bennett never used white cotton flannel," Mr. King remarked in commenting on tariff increases on that commodity. He went through such items of importance as blankets, wool overcoats, stockings and cotton piece goods, indicating in each case very great increases.

"No wonder the people are using horse blankets," he declared with reference to the blanket item. The crowd laughed. "I don't wonder some of you women nearly explode when you think of it," Mr. King said, "because you've got a sense of humor too."

GROWING DEMAND
"If western Canada would rise in revolt against these high tariffs you could very soon change them," he emphasized. "You would either do that or get a general election and then you could settle it in five minutes." He urged the people demand, through their members in Parliament, decreased tariffs.

"I think so far as the Conservative Party is concerned, the people have learned their lesson," Mr. King continued. He believed the time had come when the Bennett Government out of power as soon as they got an opportunity.

C.C.F. IDEAS
Reviewing the programme of the Co-operative Commonwealth Federation in respect to state ownership and operation, Mr. King said confiscation by the C.C.F. of the property of Canadians would mean civil war.

On the other hand, if the C.C.F. attempted to purchase the great industrial, transportation, financial and other activities with money printed for that purpose, the value of the money would become greatly lessened. The proposal was practically impossible.

Quoting from an eastern newspaper, Mr. King said Miss Agnes Macphail now calls the programme of the C.C.F. "only a long, long time." He thought that was an honest statement, but it was not what many of the C.C.F. speakers were saying. They were saying, "Elect us and these things will be done," he declared.

Mr. King told his audience the Liberal Party proposed to "smash into" combines which enhanced prices. It stood for a central bank. It would lower tariffs if returned to power.

"I believe human life is more sacred

LANDMARK OF COMOX BURNED

Structure Built Forty-seven Years Ago Is Destroyed

Special to The Times
Courtenay, Aug. 17.—One of the oldest buildings in the Comox Valley, built 1886, now used by the Grantham Community Club, was destroyed by fire today. The loss is not yet fully determined, but it is estimated that the insurance of \$1,500 will practically cover it.

A whistle drive and dance had been held in the hall the night before. The hall was near the small Grantham School, which was almost several times.

ACREAGE CUTS TO BE DEBATED

Vancouver, Aug. 17.—Premier J. E. Brownlee of Alberta yesterday said he presumed the wheat conference called in London for August 21 would deal with the matter raised in a statement made Tuesday by United States Secretary of Agriculture Wallace. He remarked a representative of the provinces, Hon. M. A. Macdonald, Provincial Treasurer and Attorney-General of Saskatchewan, was en route to London, and Prime Minister R. B. Bennett would also be in attendance at the conference. In the meantime he did not wish to comment on the Washington declaration.

Secretary Wallace said the United States was prepared to accept "any reasonable plan for European co-operation" involving the reduction of wheat production "which is satisfactory to Canada, Australia and Argentina." He added that unless a programme of international wheat production was obtained, the United States was prepared to proceed with a programme of "subsidized exporting in order to remove its surplus of grain."

INCOME TAX REVENUE FALLS

Ottawa, Aug. 17.—Income tax collections for the first four months of the present fiscal year ended July 31, totaled \$41,705,588, a decrease of \$5,731,147 from the corresponding period last year, according to a report issued by the Department of National Revenue. Of the nineteen income tax districts of Canada, six showed an increase in tax payments, while thirteen declined. The increases were in Charlottetown, Saint John, Quebec, Ottawa, Kingston, Belleville, Regina and the Yukon.

The increase in Ottawa was the largest, amounting to \$41,854, while that of Quebec was \$29,851. Montreal showed the largest decline—\$1,980,327, with Toronto second with a drop of \$1,717,318.

Bodies Taken From Lake Winnipeg

Winnipeg, Aug. 17.—Bodies of four victims of a naval warship accident in Lake Winnipeg had all been recovered to-day. Washed up on a marsh of the Brokenhead River, six miles east of Grand Marais, searchers yesterday evening found the body of Frank Collingwood. Nearby, earlier in the day, Indians had found the body of John W. Burch. The bodies of Michael Gould and William Burt were found earlier in the week. The four members of the Royal Canadian Volunteer Naval Reserve, were drowned when their boat capsized during a storm August 6.

Tender, Aching Swollen Feet

In Just Five Minutes Those Sore, Tender, Aching Feet Get Amazing Relief

You probably feel like a lot of other people that about all you can do is dust some powder in your shoes or give your feet a special foot bath and feel it at that, but don't be foolish. Make up your mind to-day that you are going to give your feet a real chance to get well.

Go to MacParlane Drug Co., B.C. Drugs Limited, or any other good drug store to-day and get an original bottle of Moore's Emerald Oil.

The very first application will give you relief and a few short treatments will thoroughly convince you that by sticking faithfully to it for a short while your foot troubles will be a thing of the past.

One bottle we know will show you beyond all question that you have at last discovered the way to solid foot comfort.

Remember that Moore's Emerald Oil is a clean, powerful, penetrating Antiseptic Oil that does not stain or leave a greasy residue and that it must give complete satisfaction or your money cheerfully refunded.

INDUSTRY CODES IN U.S. ARGUED

NRA Administrator Calls on Steel, Oil, Coal and Autos to Get in Line

Washington, Aug. 16.—Facing difficulties in formulating trade codes for the four titans of industry—steel, oil, coal and automobiles—to-day were shortening the present stride of the NRA toward its goal of enfolded all business in the United States under work-spreading, pay-raising agreements.

To complicate further the issues affecting these four, Administrator Hugh S. Johnson and his aides were told by organized labor that steel interests were flouting the recovery machinery's efforts to compose differences.

Johnson, bringing all NRA facilities to bear on the four major industries, sent word to them that codes must be agreed on quickly to provide minimum wages and maximum hours.

The latest industrial entry in the campaign was newspapers. For them, Johnson approved a modification of the agreement submitted by the American Newspaper Publishers' Association.

DIRTY POLITICS DUE TO APATHY

Women Who Play Bridge on Election Day Blamed For Conditions

New York, Aug. 17.—Society women who play bridge and golf on election day and refuse to make the sacrifice of entering politics were blamed for "dirty politics" by Mrs. Preston L. Davis, prominent society woman and finance chairman of the Republican State committee, at a meeting of 150 women held at East Hampton, Long Island, recently.

Women, declared Mrs. Davis, should no longer work alone, but with the men along practical political lines to build up good government.

"If politics are dirty, it's our own fault," she continued.

Mrs. Davis spoke at the summer estate of Mrs. Clarence F. Allcott, and read a letter from Judge Samuel Seagrave, in connection with the election campaign of Mr. La Guardia, fusionist candidate.

Judge Seagrave urged the women to "give their enthusiastic and whole-hearted support to the fusion ticket, the success of which is the only hope of ridding New York City of Tammany Hall and the misgovernment for which it has been responsible."

"If we do not oust Tammany this year, its practices and misgovernment will be fastened upon the city for many years to come," he stated.

Judge Seagrave cited the work done by the women voters of Cincinnati in bringing about good government to their city and asked the New York summer residents in Mrs. Davis's audience to do a similar service for New York City.

The meeting was sponsored by a committee of prominent women, of which Mrs. Garret A. Hobart, widow of the Vice-President in the McKinley administration, is honorary chairman.

MAN LISTED FOR MURDER TRIAL

Nelson, B.C., Aug. 17.—Merton Coleman, self-confessed slayer of Henrietta Bail, Nelson cafe waitress, his former fiancée, yesterday was committed by Magistrate William Brophy for trial on a murder charge following testimony of one more witness at his preliminary hearing, resumed after an adjournment from Wednesday of last week.

The witness was Coleman's brother-in-law, Horace A. Hughes, who lives just out of Cranbrook. He identified the thirty-eight calibre revolver with which Coleman is alleged to have killed the girl and wounded himself as one that had been given to him July 11 by Glenn Phillips of Cranbrook to keep for him, and which he had hung on the wall of his bedroom, together with its belt and holster. That was six days before the Nelson tragedy, the day following which he found it was missing. He said he last had seen Coleman on July 15, half-way between his place and Cranbrook, bound for that city.

Coleman did not cross-examine the witness or tender any statement.

CONSTABLE HURT BY CAGED EAGLE

Cumberland, Md., Aug. 17.—There is a policeman here who can testify to a certain blue eagle does have teeth.

Yesterday the Knights of Columbus had a picnic and the chief speaker was Major-General Paul B. Malone, commander of the Third Corps area. His subject was NRA.

In order to give the proper symbolism, a mounted eagle was secured and sprayed with a blue vegetable dye.

During the ceremonies, John J. Tribler, a member of the Cumberland police force, peached through the bars of the bird's cage. Immediately the eagle pounced on the policeman's hand and lacerated the index finger so severely medical aid was required.

There was quite a tittering of crowd a short while later when General Malone, during his speech, asserted, "the blue eagle of NRA does have teeth."

MANATEES ARE SEEN AT CHICAGO

Chicago, Aug. 17.—There is nothing stirring about mermaids, Chicagoans learned when they viewed a pair of manatees which went on exhibition at the Field Museum of Natural History to-day.

The manatees, strange marine animals which are credited with beginning those old sailor tales concerning beautiful sirens of the deep, are shaped somewhat like misshapen sausages, are virtually bald, bewhiskered and have half lips.

MACHINE GUN SQUADS WHICH FAILED TO SAVE MACHADO GOVERNMENT

Soon after the above picture was taken Cuba had ousted Gerardo Machado as President and was turning to Manuel de Cespedes for leadership. As a defender, Machado officials had posted machine gunners on the roof of the Presidential Palace and at nearby street corners, as indicated by the white circles above. The tide was too strong, however, and before long the army went over to the opposition. When Machado fled the machine gunners disappeared and soon mobs were looting the grounds and floors of the palace.

Sudden Change In Star Noted By Astronomers

MOVES TO END STRIKES IN U.S.

New York, Aug. 17.—Mediators sought to-day to settle strikes in the United States in such widely differing occupations as needle work and fruit picking.

A major industrial conflict tore the eastern garment business at its peak season. Union leaders announced 60,000 dressmakers in New York, New Jersey, Connecticut and Pennsylvania had answered a strike call yesterday in a fight against "sweatshop conditions."

Strikes in several fruit and vegetable areas of the Pacific Coast occupied the attention of authorities. The California Packing Corporation announced wages would be increased from 17 1/2 to 25 cents an hour. Strikers at corporation ranches at Atwater and Tuttle, Cal., had demanded 30 cents.

Charges of violence came from scattered localities. Two sticks of dynamite were hurled, police said at the home of a Philadelphia cleaning and dyeing plant owner whose employees have been on strike.

The labor board at Washington gave attention yesterday to a shirt strike in Potteryville, Pa., a motion picture strike in Hollywood and a labor dispute affecting employees on the New Orleans bridge.

London, Aug. 17 (Associated Press).—A Royal Air Force inquiry was held yesterday on the death of Jean Chasterton, seventeen-year-old London girl shot dead Tuesday by an Air Force machine gunner, who mistook the rowboat she was in for the coast of Kent for a target. Findings were not made public.

FOUR LEGS BROKEN

Hayward, Cal., Aug. 17 (Associated Press).—While L. M. Phillips, sixty-two, carpenter, and Arthur C. Phillips, thirty-five, his son, were working underneath their stalled automobile beside a highway near here yesterday, a truck came along and ran over their protruding legs. Police expressed belief the truck driver, who did not stop, may have been unaware of the accident. Both legs of both men were broken.

SLANG IS HEARD AT CONFERENCE

Canadian Press
Banff, Alta., Aug. 17.—Penetration into Pacific countries of current North American slang was indicated at a round table session of the Institute of Pacific Relations here yesterday.

A Filipino member, discussing the trend of Japanese population in Japan,

mentioned the volume of immigration around, but, when times get bad, they circumvent. "When times are good," he concluded, "they stick around, but, when times get bad, they soon best it."

A Guide Post You Can Trust

Public preference for Goodyears for 18 years is no haphazard verdict. Tires are not a small purchase. The motoring public thinks before it buys—and year after year its first thought is Goodyear.

The number of Goodyear Tires in service almost equals all other brands combined. This overwhelming preference, backed by the motoring public's hard-earned money, in lean years or good years, is the best answer to bewildering claims and boasts.

INQUIRY IS SUPPORTED

School Trustee Approves Labor Council's Investigation Into Awarding of Tenders

Trustee Emery Says Body's Information Is Correct and Should Pursue Probe

Investigation by the Trades and Labor Council of the City School Board's methods of obtaining labor for various types of outside work on city institutions has received the support of at least one of the trustees, according to a report submitted to the council by President Harry Owen yesterday evening.

President Owen stated that he had interviewed Trustee V. E. Emery on the matter and the trustee had told him

to "go ahead as far as you can because you have solid grounds for investigation."

The probe commenced when the council learned, through a delegate from the Sheet Metal Workers' Union, that certain roof and metal work had been undertaken by the school board this year and work which could not be done by regular employees of the board had been awarded without calling for tenders.

It was the council's opinion that tenders should be called for the work, its value warranting such action. The president was appointed to make investigations but said the school board office had been closed until yesterday morning, but in the meantime he had been in touch with Trustee Emery.

He further stated that Trustee Emery had advised him to go straight to the chairman of the building and grounds committee of the board, rather than to the board itself, since the former action would bring quicker response. Accordingly, the secretary was instructed to communicate with the committee chairman on the matter.

Originally, Plymouth Rock was a solid boulder of greenish granite, weighing about seven tons; it split during an attempt to move it to Town Square during the Revolution, but the upper half was later cemented to the base.

Russia On Her Way Says Robert Cromie

COWICHAN FAIR IN SEPTEMBER

Annual Exhibition Dates Settled and Committees Named

Duncan, Aug. 17.—The Cowichan fair, under the auspices of the Cowichan Agricultural Society, will be held on September 22 and 23, in conjunction with the Vancouver Island sheep fair, under the auspices of the Flockmasters' Association.

Officers of the Cowichan Agricultural Society are: President, H. D. Evans; first vice-president, A. H. Peterson; second vice-president, J. Y. Cope; secretary-treasurer, W. H. Halden; board of directors, Col. H. D. McLaughlin, Capt. R. E. Barker, T. Doney, R. Morford, P. G. James, E. C. Hawkins, J. H. Whitcombe, E. W. Neel, B. C. Walker, B. Young and Dr. M. L. Olsen.

The various classes and committees in charge are as follows:

Horses—Dr. M. L. Olsen, Miss D. Hogan; Mrs. M. L. Olsen, W. A. Annandale and W. McIntosh.

Cattle—E. C. Hawkins, M. Wilson, E. Evans, E. C. Ramsay and G. Hooper.

Pigs—B. Young.

Field produce—B. C. Walker.

Garden produce—A. H. Peterson.

Fruit—W. T. Corbally, A. W. Johnson and R. H. M. Shaw.

Flowers—B. W. Crossland and horticultural branch of C.A.S.

Domestic science—Mrs. B. C. Walker, Mrs. G. A. Tisdall, Mrs. J. H. Whitcombe and Mrs. W. T. Corbally.

Photographs—J. B. Turnbull.

Children's section—Mrs. G. Owens, Col. H. D. McLaughlin, P. E. Wilkinson, R. Morford and A. W. Johnson.

Indian department—Miss K. Robertson, Miss duPlessis, Miss O. Anderson, Miss K. Creighton, Father W. M. Neway and H. Graham.

Astronomers Hold Field Nights

H. Boyd Brydon's private astronomical observatory at 2360 Oak Bay Avenue

was the scene of another gathering this week of the scientists and students in the series of summer field-nights held under the Victoria centre of the Astronomical Society of Canada.

Selected by the telescope and brought under investigation, but because of forest fire smoke it was impossible to bring the great nebulae in Andromeda into clear focus. This will be attempted as soon as the weather clears.

One of the scientists reported a few evenings ago on his outdoor study of the annual appearance of the Perseids from the Constellation of Perseus and reported in half an hour he had counted between forty and fifty brilliant appearances.

The next gathering will be held at the Brydon Observatory next Tuesday evening. On Tuesday, August 22, James Duff of Sidney will speak on "Optics as Applied to the Astronomical Telescope."

Native Daughter Of Island Dies

Courtenay, Aug. 17.—The death occurred in Pasadena, California, on Monday of Miss Eliza Milligan, daughter of the late Mr. and Mrs. Archibald Milligan of Sandwick, V.I.

Miss Milligan was a native daughter of Sandwick and for some years taught the Sandwick school, afterward going to Prince George, where she taught for about sixteen years. She was forty-five years of age. She had been ill for some time, and shortly after Christmas went to Pasadena to the home of her sister, Mrs. Cromie and the Misses Nellie and Rose Milligan, where she died. Funeral services and interment will be held in Pasadena.

In addition to the three sisters in California, she is survived by one sister, Mrs. Walkem, of Ladysmith, and one brother, John Milligan, of Sandwick.

Duncan Girl Gets Librarian Standing

Duncan, Aug. 17.—Miss Sheila Tisdall, daughter of Mr. and Mrs. G. A. Tisdall, The Grange, Somers, has received word from the Ontario School of Education, which is attached to the University of Toronto that she has obtained her certificate as "trained librarian."

Miss Tisdall has just returned home to Duncan, from a motor trip with Miss Marjorie Leeming, Victoria. They travelled across the Lincoln Highway, visited the Chicago Exhibition, and spent two days at Yellowstone Park.

FLIN FLON INCORPORATED

Flin Flon, Man., Aug. 17 (Associated Press).—Graduating from the ranks of a company-administered mining settlement, Flin Flon today became a full-fledged municipal district with the powers and democratic form of government of a municipality. The settlement obtained its new status by reason of letters patent issued by Hon. D. J. McLeod, municipal commissioner, on recommendation of the Manitoba government.

Among the freight carried by the airplane which inaugurated airmail service between Quebec province and New York state was a live black bear cub.

"Don't Worry About Her," Audience of 1,000 Told Here; Questions Asked

Thinks Will Durant Was Terrified; World Trend Towards Socialization

When asked about the recognition of Soviet Russia in his public lecture before approximately 1,000 people in the City Temple yesterday evening, Robert J. Cromie, publisher of The Vancouver Sun, stated he saw no reason why a country which wanted 100,000 head of cattle in exchange for anthracite coal should not be favorably regarded by Canada, especially when the dominant note got its anthracite coal from Pennsylvania.

The question period was one of the features of the address in which Mr. Cromie repeated and elaborated on much of his material at the luncheon lecture before the Chamber of Commerce, as well as imparting some new impressions to his hearers.

"Don't worry any more about Russia. Check it off. She's on her way," said Mr. Cromie in reply to another question.

"Give Russia credit on the machinery she wants to buy and she will be willing to make sacrifices in wheat and lumber," he stated during his address. "If this is done, Russia won't bother us for another twenty-five years. She's too busy with her programme."

When asked whether he thought Russia would eventually come back to a system like the one prevailing on this continent, Mr. Cromie observed that the Soviet was now operating under a modified capitalism, as evidenced by the savings accounts he saw people using in a post office in Moscow during his recent nine days' trip to the U.S.S.R.

But the capitalism would not be the rampant capitalism and exploitation known in Canada and the United States.

When asked how these savings were used, the speaker said they were used by and for the good of the state.

SOVIET PUBLIC MEN

To a question on his impressions of the Soviet public men, Mr. Cromie replied these men struck him as being where they were through superior intelligence and initiative and a more far-sighted desire to succeed.

"Are you inferring our public men do not wish for a political argument?" Mr. Cromie replied. "But the fact is you will find young men running things in Russia. The older men might have ideas, but these ideas are put into action by the young people."

The trend over all the world was toward socialization, said Mr. Cromie in reply to another question.

Conceding that in the past, the aged, he felt the Soviet had not taken all the care they might in this respect. The children had got all the attention, but there was a more recent tendency to extend humanitarian action to include the older people.

Concerning free discussion in the universities, Mr. Cromie said that in the opinion of Mr. Cromie that there had been a return to freedom. "The press is biased, probably as much as ours," he said. "But present-day life on this continent, the speaker concluded, was being carried on 'in terms of the old machinery.' Politicians were thinking along the same lines. (Cries from the audience: "They never thought.") But life must be trimmed down to the new technology. It was perhaps one aspect of their leadership that the British people had not gone 100 per cent into "isms," but had compromised. Perhaps they would stick to their genius with respect to capitalism and compromise. If they did, they had the finest set-up on earth to work with.

In his general remarks preceding the question period, Mr. Cromie referred to the "boom spirit" of the great majority of Russians to-day. If ten Stalin were shot to-morrow, it would not matter; the spirit had advanced far enough for the mass to carry on.

Before going to Russia, Mr. Cromie attended the World Economic Conference, at which "sixty nations didn't do so very much." He flew from Helsinki to Leningrad, and was at once struck in the city of the Revolution by the fact that he "couldn't find him and that he could see what he wanted to see."

He traveled to Moscow in the regulation international Pullman and attended the Russian Derby and the All-Turk All-Russian football match, which the latter won. There were 500,000 applications to see this game, but only 50,000 could get in.

In Moscow a high foreign official told the speaker that people were starving in the Ukraine and that cannibalism was being practiced. Later he met a group of children in the city who had just come from a small town in the Ukraine on an educational trip financed by the home authorities. They had been difficulties with the harvest. It was true, but nothing had happened of such a drastic nature as the official would have him believe.

WILL DURANT VIEWS

In dealing with the views of Will Durant, who spoke here when Mr. Cromie was in the chair and who the speaker said was a close friend, Mr. Cromie stated the United States observer had entered Russia from Vladivostok and had traveled deep into Russia to Omsk, where he had become terrified. Mr. Durant, being part Russian, had also been a factor in the doctor's dilemma. There had been money exchange trouble and general confusion, which had been aggravated by Dr. Durant's failure to pursue a steady line of action. Finally, he had torn out of the place and rushed up to Moscow, from which he had precipitated himself after a day's stay.

The doctor, too, was a theorist, while Mr. Cromie described himself as concerned with the material world and the needs of those persons whose lives he observed.

In discussing the fact that equality was not a practice in Russia, Mr. Cromie, after mentioning the Soviet wage spread of 1 to 30 in contrast to the 1 to 30,000 on this continent, observed that in Russia there had been too little a difference between the rich and the poor. He felt these differences would tend to cancel out with the passage of the years.

DID NOT RISE

Dr. Clem Davies occupied the chair and observed in his introductory talk that "in our thinking we cannot leave Russia out of it." He then called for the singing of the National Anthem. A substantial representation from the left-wing proletariat of Victoria, including the Communists, refused to stand up to sing "God Save the King."

An atmosphere of keenness prevailed throughout, and as soon as Mr. Cromie

SUICIDE AFTER MAN MURDERED

Spokane Police at Work Today Investigating Two Deaths

Associated Press
Spokane, Wash., Aug. 17.—Another death, an apparent suicide, to-day entered into the investigation of the mysterious murder of Dr. James I. Gaines, forty-one-year-old wealthy druggist and sportsman.

The body of Miss Pauline Pluym, thirty-five, of Los Angeles, whose sister, Cathleen, was Dr. Gaines' office girl, was found in a relative's home yesterday evening. A bottle which had contained poison was nearby. The coroner pronounced the death a suicide. Relatives said she had been despondent and a year ago had attempted to take her own life.

On first investigation detectives said they had found nothing which would connect this death with the Gaines case, but promised to work more deeply into it to-day.

Some were of the opinion Miss Pluym was affected by the publicity given to her sister.

In the meantime Detective Capt. James McGarry said a search would be continued for the thirty-eight caliber pistol Gaines was known to have had Sunday, less than forty-eight hours before he was shot down on the driveway of his home. Bullets found in the body were from a thirty-eight caliber pistol. Investigators found a box in

called for questions, a number of people were on their feet.

At the conclusion of the lecture, discussion groups formed inside and outside the building, while others walked home together carrying on enthusiastic debates.

Railways Showing Traffic Increase

An increase of between 40 and 50 per cent over the volume of business

No More Piles

Thousands Bless Dr. Leonard's Specialist Who Discovered The Common Sense Remedy

If you think that the surgeon's knife is the only method of escape from the misery of piles, it's because you haven't heard of the new remedy known as Dr. Leonard's HEM-ROID.

The Doctor's prescription is a quick acting yet harmless internal medicine. After years of study he discovered the exact cause of piles and then went further and compounded a remedy that would remove the cause.

Dr. Leonard wants every sufferer of itching, bleeding or protruding piles to benefit by his discovery and so that there will be no doubting or delay, MacFarlane and Vancouver Drug Stores and good druggists everywhere are authorized to sell HEM-ROID with guarantee that it will positively end piles in any form or money back.

On that honorable basis every pile sufferer should secure a bottle of Dr. Leonard's HEM-ROID tablets to-day. (Adv.)

a year ago is being shown by the railroads of the Pacific Northwest, according to W. C. Ripley of Spokane, train dispatcher for the Oriental Limited and other fast trains on the Great Northern Railway, who is at the Dominion Hotel with his wife on a vacation tour.

The apple crop is down this year, but other lines of business are providing more traffic, he declared. Railroads in general is better than expected a few

months ago," Mr. Ripley said. "The entire country is looking to President Roosevelt to lead the way to better times. The general opinion of the people is that Roosevelt deserved a chance and he has their confidence in at least doing something, which he admits is an experiment."

A beetle wrecked a plane at Cilmox, Michigan, in 1931, when it became lodged in the gas line.

VICTORIA BRIDE MARRIED IN ENGLAND

MRS. FREDERICK REYNOLDS PACEY (NEE POLLARD) AND HER ATTENDANTS

Above is the bridal group taken following the wedding in London, England, on July 1, of Louise Grace, only daughter of Mr. and Mrs. Fred Pollard, "Gillespie Place," Victoria, to Mr. Frederick Reynolds Pacey, of Midhurst, Surrey, formerly of Cape Verde Islands. The bride is shown in the centre wearing her beautiful wedding gown of ivory nettle lace, appliqued with ivory chignon flowers. Her two attendants are, on the right Miss Phyllis Pacey, sister of the bridegroom, and, on the left, Miss Olga Starrock of Victoria, both wearing charming frocks of pale blue crinkled organdie, with close-fitting hats of crepe pink and little coiffes with full puffed sleeves, and carrying shawls of pink carnations.

PERSONAL

Mr. William Rolfe of San Francisco, who is touring British Columbia, visited friends in Victoria yesterday.

Mrs. J. A. Stewart, Crescent Road, is visiting in Vancouver as the guest of her parents, Mr. and Mrs. V. Boyd.

Miss Enid Flint and Miss Gladys Barlow are holidaying at the Royal Savary Hotel, Savary Island, B.C.

Mr. and Mrs. W. G. Share of Duncan have been holidaying at the Royal Savary Hotel, Savary Island, B.C.

Mr. Harley Dunford, Parkington Street, has left to spend a few weeks at Comox with his cousins, Mr. and Mrs. Hartley Lloyd.

Miss Swan of London, England, is a visitor in Victoria, and is the guest of Dr. and Mrs. T. A. Rickard, Lampson Street.

Mrs. D. N. McIntyre, accompanied by Miss Kathleen and Master Douglas McIntyre, have returned to Victoria after spending a holiday at Qualicum Beach.

Miss P. E. Brown has returned from the Royal Savary Hotel, Indian Point, Savary Island, B.C., after a week's holiday there.

Mrs. May Hunter and her son, John, have arrived from Vancouver and are visiting Mrs. G. Wise, Head Street, Esquimalt, for a few days.

Mr. and Mrs. A. Clements and their little son, Barry, of Vancouver, are spending a vacation at "The Haven," Cadboro Bay.

Mr. and Mrs. Alfred Woodcroft and family have returned to their home after a short holiday at Shawnigan Lake.

Mr. Graham Harris and his brother, Mr. Roy Harris of Duncan, left a few days ago on a motor trip south as far as Mexico, and expect to return at the end of next week.

Mrs. M. Apple of London, England, who has been visiting in Victoria and a guest at The Angela, will leave on Saturday for a mainland en route to her home in Great Britain.

Mr. Bill Agnew of Seattle, accompanied by Mr. Lester Churchill of New Jersey, has returned home after spending the week-end in Victoria with his aunt, Miss Agnew, Rockland Avenue.

Mr. and Mrs. R. Murray, Monterey Avenue, Oak Bay, will leave at the end of the week to spend a few days at Newcastle Island, previous to leaving for the mainland on a motor through the Cariboo and Okanagan districts.

Victorians registered in London, England, recently, included Mr. and Mrs. W. B. Chadwick, Miss E. L. Charlton and Mrs. R. E. Hanson, also Mrs. J. L. Dunn and Mr. Eric Dunn of Port Alberni.

Miss Marjorie Brown and Miss Betty Campbell, who have been spending the last few weeks in California, visiting friends in different parts of the state, will return to Victoria this evening on the City of Los Angeles.

Mrs. Hendrie Leggat entertained at a smart luncheon party at her home in Vancouver yesterday in honor of Mrs. F. W. Hartley of Victoria, who is the house guest of Mrs. A. D. McRae, Shushan Heights.

A very jolly dance was held at Cordova Bay yesterday evening, when over 200 danced under the auspices of the Cordova Bay Recreation Club, the proceeds being in aid of the funds of the regatta to be held next Wednesday.

From 7:30 to 9 o'clock the children took the floor for a merry frolic, in charge of Eugene Doberty and Floie Hughes, assisted by Vivian Bennett. The adults had the floor from 9 until 12, dancing to the excellent music furnished by the club orchestra under the direction of Arthur Goddard.

Mrs. C. F. Armstrong, York Place, accompanied by Mrs. Humble-Birkett of England, has left on a motor trip up the island as far as Forbes' Landing. Before returning to Victoria Mrs. Armstrong and Mrs. Humble-Birkett will make a trip into Butte Lake.

Mr. and Mrs. Arthur L. Holt of Hollywood, formerly of Victoria, who have been visiting in Victoria as the guests of Mr. and Mrs. H. Jackson, Shelbourne Street, will leave to-morrow for Seattle, from where they will sail on the City of Los Angeles for their home in California.

Mrs. H. A. Hincks, who has been holidaying at Banff, Alta., and at Mission B.C., accompanied by her son, Kenneth B. Hincks, returned to her home at Langford yesterday. Mrs. Hincks was accompanied home by her niece, Miss Rose Johnson, who will spend a week here.

Mrs. W. L. Walsh, wife of the Lieutenant-Governor of Alberta, has arrived at the Coast from Edmonton to visit her mother, Mrs. George Cassidy, Vancouver. Mrs. Walsh, who is well known in Victoria, having been a frequent visitor here, will remain on the Coast until next month, when she will join Hon. W. L. Walsh at Jasper Park for Totem Pole golf week.

A marriage of interest to Vancouver Island friends of the bride took place at St. Mary's Addington, Surrey, England, on July 28, between Frank Penland, Chambers, elder son of the late Walter Ashbridge Chambers and Mrs. Chambers of Bombay, and of Pall, Kingswood Road, Upper Norwood, and Doris Elsie Williams, only daughter of Mr. and Mrs. John Williams of Vancouver, B.C.

Mr. and Mrs. O. H. Piercy of Shanghai, arrived from England this week to spend several months here before returning to China. Before her marriage here five years ago, Mrs. Piercy was Miss Doris Case, and at present, Mrs. Case, at Alisa Manston, after a brief visit with Mr. Piercy's mother, Mrs. George Piercy, 810 Linden Avenue, Mr. and Mrs. O. H. Piercy left Shanghai last March and have been visiting in England in the meantime.

A delightful picnic supper party was held on Monday at "Rockland," Shawnigan Lake, at the invitation of Mrs. Gordon Hunter, who, assisted by her sister-in-law, Mrs. Hartley Morden, helped to make the outing a pleasant one.

Among the guests registered at the Dominion Hotel are: Mr. Clyde Zachman and Mr. A. S. Venn, Seattle; Mr. A. Dunbar, Alberni; Mr. W. N. Bell, Vancouver; Mrs. J. A. Bowles and Mrs. H. S. Smith, Tacoma; Miss Ruth Lee and Miss A. Thornton, San Francisco; Mrs. G. W. Lawton and Mrs. D. A. Spencer, Seattle; Mr. and Mrs. James E. Martin, Havre, Mont.; Mr. N. B. Conway, Nanaimo; Mr. W. Greig, Calgary; Mr. and Mrs. H. Hay, Lethbridge; Mrs. J. Madill and Mr. J. T. Madill, Edmonton; Mr. A. G. McCall, Vancouver; Mr. and Mrs. J. D. Moore, Lakefield, Ont.; Mr. and Mrs. T. J. Cox, Mission City; Miss J. Wilson, Vancouver; Rev. and Mrs. A. M. Treppe, Vancouver; Mr. R. H. Ryan, Vancouver; Mr. and Mrs. Dan Atkins, Courtenay; Mr. and Mrs. T. Priest, Vancouver; Mr. and Mrs. V. H. Bilton, Clatskanie, Alta.; Mr. and Mrs. H. B. Mallott, San Francisco; Mr. and Mrs. Nicka, James Island; Mr. and Mrs. Dales, Calgary; Mr. and Mrs. Leask, Nanaimo; Mr. and Mrs. Richardson, Vancouver; and Mr. P. J. J. Victoria.

Among the guests registered at the Dominion Hotel are: Mr. Clyde Zachman and Mr. A. S. Venn, Seattle; Mr. A. Dunbar, Alberni; Mr. W. N. Bell, Vancouver; Mrs. J. A. Bowles and Mrs. H. S. Smith, Tacoma; Miss Ruth Lee and Miss A. Thornton, San Francisco; Mrs. G. W. Lawton and Mrs. D. A. Spencer, Seattle; Mr. and Mrs. James E. Martin, Havre, Mont.; Mr. N. B. Conway, Nanaimo; Mr. W. Greig, Calgary; Mr. and Mrs. H. Hay, Lethbridge; Mrs. J. Madill and Mr. J. T. Madill, Edmonton; Mr. A. G. McCall, Vancouver; Mr. and Mrs. J. D. Moore, Lakefield, Ont.; Mr. and Mrs. T. J. Cox, Mission City; Miss J. Wilson, Vancouver; Rev. and Mrs. A. M. Treppe, Vancouver; Mr. R. H. Ryan, Vancouver; Mr. and Mrs. Dan Atkins, Courtenay; Mr. and Mrs. T. Priest, Vancouver; Mr. and Mrs. V. H. Bilton, Clatskanie, Alta.; Mr. and Mrs. H. B. Mallott, San Francisco; Mr. and Mrs. Nicka, James Island; Mr. and Mrs. Dales, Calgary; Mr. and Mrs. Leask, Nanaimo; Mr. and Mrs. Richardson, Vancouver; and Mr. P. J. J. Victoria.

SOCIAL, PERSONAL AND HOME INTERESTS

SIX WEEKS WITH SCIATICA

Could Not Sit Down—Even To Eat

Now Recommends Kruschen

Here is an extraordinary strong recommendation of a remedy for sciatica from one who has suffered the complaint in its most severe form. If you have ever felt the twinges of sciatica, you should certainly read it. If you know anyone who has sciatica, you should tell them about it.

The recommendation comes from Mr. T. P. R. He writes:—"I suffered from sciatica for about six weeks. At times I could not sit or lie down, but had to walk all the time. I could not even sit down to eat. I was told by my neighbors to try Kruschen Salts, which I did, taking a teaspoonful in a tumbler of warm water every morning. When I had taken one-and-a-half bottles the sciatica left me, and I have not felt it since. I owe a lot of thanks to Kruschen."—T. P. R.

The pains of sciatica are a symptom of deeper trouble—the same trouble that causes rheumatism, gout and lumbago. They are a sign of an impure blood.

stream. They show that poisons have crept into the blood. Kruschen is a combination of six natural salts, which ensure internal cleanliness and keep the blood-stream pure. New and refreshed blood is sent coursing to every fibre of your being. Then sciatica and those kindred ills all pass away. Kruschen Salts is obtainable at all Drug Stores at 40c. and 75c. per bottle.

EATING OUT OF DOORS SPURS SUMMER APPETITES

The summer season lends itself to informality. The mother who does not appreciate this opportunity, doubles her work and makes life unnecessarily hard for herself.

CUT DOWN DISH WASHING

There are so many ways in which the mother can ease her housekeeping problems that she should be willing to try them. One way in which she can keep cool and sweet tempered is to cut down the number of dishes. This isn't always what you think it is. It's not a matter of eating on the floor. It's a matter of eating on the floor.

TRY EATING THE SAME MEAL OUT OF DOORS

and the elimination of dishes is automatic.

The whole meal may be arranged on one large platter.

Paper plates and napkins and tablecloths are in keeping with the setting. Table silver is as limited as at a picnic, and most of the debris can be stuffed into the garbage can. With everyone helping, this part of the meal goes itself down without effort. And all food tastes differently in the open air, for wanting appetites flourish when it's a picnic. Summer seasons are lost short for the novelty of eating on one.

PLENTY OF VARIETY

Such meals can be prepared in the early morning. Roasts, fried chickens, molded meats have a new appeal when eaten cold. The number and variety of salads, of cheeses, of potato chips, lettuce potatoes, and potato salad is endless. Desserts of fruit, starched puddings poured into molds and served cold, or cakes and cookies make it unnecessary for one to feel that meals eaten picnic fashion need suffer from monotony. This summertime we dispose of the evening meal over which the average housewife labors to such poor purpose when the weather is torrid.

Lunches in the open air are more satisfying to children than the same meal served in the dining-room.

Put each lunch on a tray and let the children carry it out themselves. Sandwiches, ice cold milk, cake, cookies, and fruit offer adequate nourishment for the child over five. The smaller child should have hot food and for this purpose the small cans of various vegetables or tasty vegetable soups made for small children, an egg, a starched pudding cooled appetizingly, milk, and bread and butter will furnish an attractive and nourishing meal for the child from two to five. And he won't be immune to the delights of outdoor eating if he can sit outdoors in his high chair with the rest of the children.

To-morrow: "Mental Deficiency Unnatural Cravings."

Helen Jacobs In Snappy "Shorts"

(Canadian Press)

New York, Aug. 17.—Helen Jacobs took the young ladies a long time to break out in shorts at Forest Hills, America's most conservative tennis centre, but when she finally did, she was the first to wear them. Her official opposition and started the movement for greater comfort and freedom, preferring white flannel shorts with a Prussian blue stripe. In her off court moments she dons a Prussian blue jacket.

AN ALL-WHITE WEDDING GROUP

THE EATON-STEFANSON WEDDING PARTY

Above is the bridal party of the Eaton-Stefansson wedding which was held in the garden at Lady Eaton's summer home in Muskoka recently. From left to right: Mr. Gilbert McCrea Eaton, youngest brother of the groom, and Mr. Harold Stefansson, ushers; Mr. Timothy Eaton, brother of the groom, groomsmen; Mr. John David Eaton and his bride, formerly Miss Sygny Stefansson of Winnipeg; Miss Anna Stefansson, sister of the bride; Miss Florence Mary Eaton and Miss Evelyn Beatrice Eaton, sisters of the groom, bridesmaids; Mr. Jack Roddick and Mr. Ross Jenkins, ushers.

HOLLYWOOD FOLK GO A-PARTYING

Mary Brian's Brother Makes Debut as Orchestra Leader at Roosevelt Patio

Evalyn Knapp Has Fat Escort; Marx Brothers Sing at Sunrise Breakfast

By DAN THOMAS

Hollywood, Aug. 17.—Hitting the night spots: Quite a crowd at the Roosevelt Patio to greet Terry Brooks and his orchestra on their opening night. The party was a success. Brooks, a young man with a good voice, was the star of the evening. He was accompanied by his brother, who is a well-known actor. The party was held at the Roosevelt Patio, which is a popular spot for Hollywood celebrities.

It is easier to hold hands while dancing than while eating. But Joel is rapidly becoming a one-handed artist at that. He's that crazy about Frances. It's mutual, too. Gary Cooper and Judith Allen with

they're going to be married as soon as he gets his divorce.

Moviemore, to the Brown Derby for a slightly belated sunrise breakfast. Did you ever try scrambled eggs and crisp bacon at that hour? And finding the four Marx brothers and quite a few others gathered around a large table. The Marxes singing, but each choosing a different song. Charles Starrett and his wife joining us for a bite of food. Also Charlie Farrell and Virginia Valli sitting down for a second cup of coffee.

Uncle Wiggly Back on Shore

(By HOWARD R. GARIS)

Uncle Wiggly, who was being blown out to sea by the wind and the big bunch of toy balloons he held, looked down again at the tumbling, white ocean waves below him.

"Yes, that surely is a strange sight," said the rabbit gentleman, just as I told you in the story last night. "It looks—why to me it looks," said Uncle Wiggly, talking to himself, "it looks like a floating island and on it some little children are playing. They are not my rabbit boys and girls, but they are—"

He was about to say more when he saw that the island was really a piece of driftwood. How strange!

The more Uncle Wiggly looked down between his hind paws while his front paws held to the strings of the balloons, the more surprised he was. Never had he seen such a strange sight.

All of a sudden the brown fish-hawk, that had been going to take a bite out of a red balloon thinking it was an apple, came swooping back through the air over the ocean.

How to Prepare Lobster Salads

By SISTER MARY

The new housewife is often perplexed as to the proper method of boiling a lobster and removing the meat for use in salad or other made dishes.

Lobsters always should be alive up to the time of boiling, and remember that a live lobster is an active creature and can't be trusted alone on the kitchen table. The wisest plan is to boil it as soon as it comes from the market.

In the first place, be sure to have a kettle large enough to accommodate the lobster, with plenty of water to cover him completely. Add one tablespoon of salt to six quarts of boiling water. The water must be boiling vigorously. Grasp the lobster by the back and plunge it head-first into the rapidly boiling water. Immediately immerse the entire body. Boil hard for five minutes, then reduce heat and cook slowly for twenty-five minutes. Remove from kettle, place on claws to drain and wipe. Boil hard for five minutes, then reduce heat and cook slowly for twenty-five minutes.

REMOVE INVETERATE VEIN

As soon as the lobster is cool enough to handle, remove flesh. To do this, first break off the two large claws and the four pairs of small ones. Then break apart the tail and body at the joint. Hold tail in left hand with shell side against the palm. With a pair of sharp scissors cut a slit through the turned-back membrane of the tail. Now hold tail in both hands and spread slightly. Carefully break flesh from shell and remove the flesh in a single piece. Run a sharp knife lengthwise through the centre of the tail. The green substance in the liver. The sides of the body are covered with woody gills, which are the lungs. Pull off all the gills and break the body in several places. Remove the meat in a single piece. This meat is very sweet and tender. The coral, which is the roe, is used as a garnish.

DISJOINT CLAWS FIRST

Break open the large claws, using a hammer and nut cracker. It's a good idea to disjoint the claws first, since this makes it easier to remove the claw meat in whole pieces. There is a bony membrane through the centre of the meat in the large claw which can be removed by cutting through the meat at the base or joint and slitting lengthwise at the long side.

Out the shell from the small claws and remove this meat with a skewer or nut pick. Or leave the small claws whole and use them for garnishing. Chill the meat thoroughly before using.

If you buy your lobster boiled at the market, be sure it is freshly boiled. The shell should be a bright red and when the tail is stretched it should spring back quickly. This shows that the lobster was alive when boiled.

TO-MORROW'S MENU

Breakfast—Baked sweet apples, cereal cooked with dates, cream, crisp toast, milk, coffee.

Luncheon—Lobster salad, brown bread and butter sandwiches, cookies, pineapple.

Dinner—Vegetable, plate d'œufs, peach cobbler, milk, coffee.

It is not known what wedding march was played when the Irish broker married Ruth Kresge, daughter of the rich chain store magnate, but perhaps an appropriate tune would have been "I Found a Million-Dollar Baby in a Five-and-Ten-Cent Store."

Government is reported to be planning a new drive against thousands in delinquent income taxes from Hollywood movie stars. We can now expect their next pictures to register genuine anguish.

CANCER DANGER IN SUN-BATH—MEDICOS WARN

According to noted dermatologists of two continents, the prevailing fad of sun-bathing is definitely linked to the dread disease of cancer. In a recently published book on "Diseases Due to Light," Hubert Jauson, noted French physician, stated that 90 per cent of the cases of cancer of the skin treated in hospitals in Marseilles have been traced to sunbath. However, it is but fair to Old Sol to point out that sun-bathing in moderation rarely brings such tragic results. Elderly persons are especially warned that over-exposure to the sun may have undesirable effects. A famous sun-bather, George Bernard Shaw, famous dramatist, seems to scoff at such warnings. He takes daily sun-baths, to which he attributes his marvelous health. Then, too, the millions of sun-bathers on the beaches do not seem to take the warning seriously.

Daily Health Service

Every Home Should Be Ready To Give First Aid, Says Dr. Fishbein

What To Do in Emergency Told in New Series Starting To-day; Prompt Action May Save Life or Prove Aid To Recovery

By DR. MORRIS FISHBEIN

When illness or accidents occur it is well for someone in the home to know what can be done immediately. Such knowledge will avoid confusion, alarm and distress that inevitably occur when no one knows just what to do in an emergency. Prompt and proper action may save a life or prevent injuries from becoming more serious.

There are available innumerable books on first-aid, including the books used by the Boy Scouts and Girl Scouts organizations, and many small pamphlets sold privately or distributed by manufacturers of first-aid supplies. Several of the large insurance companies also have books which they send on request.

The emergencies that may occur are numerous. No one can be fully prepared for all of these any more than any family is fully prepared for twins or triplets. There are, however, certain supplies that may be kept in every home, pending the occurrence of various accidents. The knowledge of the availability of these supplies and what to do with them by the mother, father or the nurse will be found extremely helpful when the emergency arises.

In the United States the number of accidental deaths reaches almost 100,000 persons a year, and it is said that each year 10,000,000 people suffer accidents sufficiently severe to take them from their work.

Of the accidents which occur in the home, falls constitute forty per cent of the total; after falls come accidents from burns, scalds and explosions; then asphyxiation or strangulation; and finally, cuts and scratches. Most of these accidents are preventable with care, but it is in the nature of things that some accidents are inevitable.

When a person is injured in a fall the first step should be to ascertain the extent of the injury. It is necessary to determine whether or not bones

have been broken. If there is bruising or hemorrhage and, finally, the extent to which the skin has been damaged. A broken bone usually reveals itself by inability to function. However, the only safe procedure is to call a physician who will take an X-ray picture. Pending the arrival of a physician it is well to place the injured part completely at rest, if necessary, to hold it quiet by some suitable splint. A good splint can be made by wrapping a large size magazine or a newspaper folded many times, with handkerchiefs around the arm or leg to hold the splint in place.

However, unless the person who is applying the first-aid measure knows exactly what he or she is doing it is better to put the injured person at rest and to keep him quiet.

In subsequent articles in this series I shall offer more first-aid suggestions.

Charlie Belanger Lifts Decision

Winnipeg, Aug. 17.—Charlie Belanger, Canadian light-heavyweight champion, won a two-fall decision over hard hitting Buck Everett from Gary, Ind. here yesterday evening.

Charlie opened up in the second round when he sent Everett back to the canvas for the count of nine with a hard right to the jaw. Charlie weighed in at 181 and Buck four pounds heavier.

Portland, Ore., Aug. 17.—Abe Kaplan, New York, defeated Bob Kruse, Oswego, Ore., two falls out of three in the main event of yesterday evening's wrestling card here. Kaplan weighed 220, ten pounds more than Kruse.

Alex H. Smith, Bayview Road, Ladysmith, B.C. (10).

THE BIG SIX

Spud Davis and Bill Terry again exchanged places in the Big Six standing yesterday. Davis moving back into second place among National League hitters and fourth in the Big Six by registering the only gain among the sextette of leading hitters. He made two hits in four times up and sent his average up, while Terry lost the general trend of one-point losses, hitting once in four tries. Chuck Klein hit three out of nine for another one-point loss. American League leaders got one blow apiece, Jimmie Fox going to the plate five times and losing two points, and Al Simmons and Heime Manush each making four trips to the plate. Manush's average was unchanged.

The standings:

FIGHT RESULTS

BOXING
Winnipeg—Charlie Belanger, 181, won decision over Buck Everett, 177, Gary, Ind. (10).
Montreal—Albert Ladou, New York, 126½, defeated Roger Bernard, Flint, Mich., 127½, by decision (13). Paul Junior, Kewington, Mo., 121, knocked out Harold Stewart, Montreal, 131 (10).
Chicago—Karl Ogren, 181½, Chicago, outpointed Marty Simmons, 162, Agawam, Mich. (10).
Quincy, Ill.—Al Stillman, 165, St. Louis, outpointed Petro Corvi, 164, New York (10).
WRESTLING
Philadelphia—Joe Savolito, 200, South Bend, Ind., threw Nick Latta, 200, Chicago, 31.51. Stanley Pinto, 208, Ravenna, Pa., drew with Roland Kirchmeyer, 228, Oklahoma, 45.00.

MINERS RECALL BITTER STRIKE

Now When Lewis Orders Them Back, They Hesitate About Returning to Work

By RODNEY DUTCHER

Washington, Aug. 17.—The striking miners of Fayette County, Pa., have a good memory.
That's why they didn't go dashing back into the mines when President John L. Lewis of the United Mine Workers ordered them to do so after signing a strike truce with the government and the subsidiary of the Steel Corporation which employs them.
There was a long, bitter national coal strike in 1922 when coal operators announced wage reductions and union miners sought renewal of contracts. A remarkable outburst of union retaliation occurred in many non-union fields, with little or no help from U. M. W. One such field was Fayette County, whose miners joined the strike.
But when the strike settlement was negotiated the newly organized fields were left out of the settlement. Lewis couldn't settle for anyone outside his previously organized territory.
Fayette miners, left to shift for themselves, charged betrayal. Since then they've worked for about two-thirds of the basic pay prevailing in union mine fifty miles away.
Recently they have organized again under the U. M. W., demanding union recognition from the coal companies. But their allegiance to Lewis is slight. They wouldn't return to work merely on his say-so. Realizing that it would do no good to send Lewis' Administration, Johnson dispatched MRA Labor Adviser E. F. McGrady to Fayette in the belief that they would listen to a direct appeal from the government.

SHERMAN'S TIG
There's a story behind that embarrassing shipment of two black pigs which Capt. Thomas Jefferson Davis received at the War Department from Lieut. John Sherman, great-nephew of the General Sherman who marched to the sea.
Davis is aide to Chief of Staff Douglas MacArthur—at whose office the pigs were delivered—and Sherman is aide to Gen. F. L. Miles.
On inauguration day Sherman was standing directly behind Miles. Davis, who had been kidding Sherman about the pigs Great-uncle Sherman's troops had stolen from the Davis South Carolina estate, demanded that Sherman deliver a confederate flag coming up the street.

"If you don't," Davis said, "I'll push you against Miles so hard he'll fall into the street."
So Sherman saluted, but swore to get even.
Officials of NRA explain their slipshod attitude. They gave the pigs to Davis as a temporary code-labor representatives as well as industrial representatives.
A lot of people began to roar chiefly newspapermen. The code contained a \$6.30 weekly minimum wage for female laundry workers in the south—a rate far below that provided in any other approved code.
So the NRA quickly withdrew its approval.
One of the effects of federal economy was the elimination of the customary appropriation for fighting mosquitoes in the District of Columbia. Mosquitoes in nearby states seem to have been hurt by it.
(Copyright, 1933).

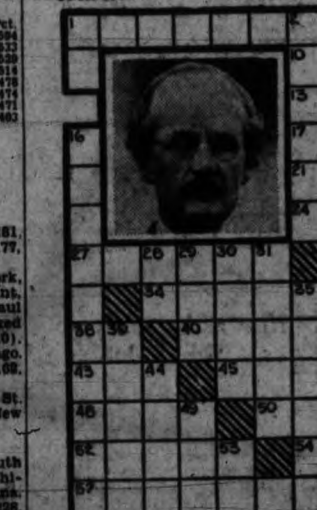

CAPITOL THEATRE
Ruby Keeler, one of the big hits of the picture, "Gold Diggers of 1933," and a member of the all star cast of Warner Bros. "Gold Diggers of 1933," is at the Capitol Theatre to-day, in still as modest as a violet as far as her personal statements are concerned. But she has gathered confidence in her work in this, her second picture. The wife of Al Jolson, she had never before tried

Famous Star At Playhouse

Two sons and a daughter of a multi-millionaire fall their father in "Radio Pictures" "Swapping", starring Lionel Barrymore, now showing at the Playhouse Theatre.

Wastrels all, the sons become involved in sordid scandals with women and a murderer, and the headstrong daughter spends millions in the husband market, frittering her inheritance away for titles and for false love.
After a lifetime of unremitting toil to amass a huge fortune and to become a monarch of the mercantile world, the father, played by Barrymore, finds himself the laughing stock of a nation because of the escapades and notoriety of his misbegotten children.
Barrymore is said to give one of the greatest characterizations of his lengthy career, and his work is set in the brilliance of a scotch tale.
Also being shown on the same programme is Powell Thomas' story "The Blood Captive."

"OUT ALL NIGHT" AT COLUMBIA

An unusual record of achievement forms the background of Sam Taylor, director of Universal's clever comedy, "Out All Night," which comes to the Columbia Theatre to-day with Slim Summerville and Zasu Pitts in the starring roles.

Among the outstanding productions directed by Taylor during past years were "The Freshman" and "Glad Rags," with Harold Lloyd; "My Best Girl," "Coquette" and "Kiki," starring Mary Pickford; "The Taming of the Shrew," with Mary Pickford and Douglas Fairbanks; "Lady of the Pavements," "Du Barry" and many others.

The second feature is Walter Huston in "Kongo."

AERIAL DERBY AT EMPIRE TO-MORROW

Some of the thrills to be seen in "The King's Cup," which will come to the Empire Theatre on Friday, are the planes flying down Southampton water, wings almost touching at 130 miles an hour, past great liners and leap-frogging over small craft, a plane with an automatic camera, a narrow defile made dangerous by the bumpiness of the atmosphere, and a roll from 5,000 feet while made the plane dizzy, and from which he escaped by purely his instinctive handling of the controls when he had lost all sense of direction. Victorians will delight in the new background against which the drama is played out. The picture is a masterpiece of the air, and a roll from 5,000 feet while made the plane dizzy, and from which he escaped by purely his instinctive handling of the controls when he had lost all sense of direction. Victorians will delight in the new background against which the drama is played out. Washington Making Runaway Race In American League

Senators Trim Chicago to Move Six and Half Games Ahead of Yankees

GEHRIG EQUALS ENDURANCE MARK

Plays in 1,307th Consecutive Game; New York Giants Boost National Lead

Lou Gehrig was ready today to tuck away the toughest of all major league baseball records in his hip pocket and go on playing baseball. But his club, New York Yankees, faced the painful knowledge that they were six and a half games behind the league-leading Washington Senators.

Stolid, sturdy Lou yesterday played his 1,307th consecutive game since he broke into the Yankee lineup in 1925. That equalled the record set by Everett Scott, with Boston Red Sox and the Yankees. To-day Gehrig was due to establish a new mark and to receive a silver cup from President Will Harridge of the American League.

St. Louis Browns hammered young Charley Devens, Danny MacFayden and George Uhle for eighteen hits and a 13 to 3 victory over the Yankees yesterday.

With Earl Whitehill pitching near shutout ball, Senators trimmed Chicago White Sox 5 to 1 for their eighth straight victory.

Cleveland Indians and Detroit Tigers came through with shaky victories and remained tied for fourth. The Indians edged out Philadelphia Athletics 5 to 4 in a hard-fought game.

New York Giants increased their National League lead a bit by ringing up their twentieth shutout victory of the season at the expense of Cincinnati Reds.

Schumacher delivered the Giants their victory by a 5 to 0 score.

Pittsburgh and Brooklyn divided, the Pirates dropping an initial eleven-inning game, 2 to 1, then smacking out an 11 to 7 triumph.

St. Louis, Aug. 17.—While Lou Gehrig was tying the major league "durability" record by playing his 1,307th consecutive game for the New York Yankees yesterday, the Yankees took a terrific beating from the Browns.

The final score was 13 to 3, and the defeat, coupled with Washington's victory over Chicago, sent the Yankees down six and a half games behind the league leaders.

Chicago, Aug. 17.—Washington's high-flying Senators kept up their swift pace yesterday by taking another 5 to 1 decision from Chicago White Sox, and extending their winning streak to eight straight.

Earl Whitehill accounted for his sixteenth victory of the season.

Chicago, Aug. 17.—Detroit made the best possible use of seven hits yesterday and defeated Boston, 6 to 5, to take a one-game edge in the current series.

Marty McKa-us, manager of the Sox, was banished in the first for protesting a ruling that Gerald Walker was safe at third on a steal.

Boston, Aug. 17.—Detroit made the best possible use of seven hits yesterday and defeated Boston, 6 to 5, to take a one-game edge in the current series.

THE KING OF KINGS By Laufer

EQUIPOISE—AMERICA'S IRON HORSE!!

FOUR LOCAL PLAYERS LEFT IN TWO OUT OF FIVE SENIOR EVENTS

(Continued from Page 12)

Percy Criddle (Victoria), 4 and 2. J. Graham (Comox), defeated C. B. Battle (Vancouver), 2 and 1. J. H. Bloedel (Seattle) defeated A. S. Kerry (Seattle), 7 and 5.

CLASS "C" J. H. Fuller (Aberdeen) defeated O. H. McCoy (Spokane) at the 20th. L. Kershaw (Tacoma) defeated J. W. Morris (Victoria), 5 and 4. C. R. Harold (Seattle) defeated H. G. Wilson (Victoria), 1 up. J. W. Boyd (Vancouver) defeated E. E. Todd (Seattle), 3 and 2.

First Flight R. R. Frazier (Seattle) defeated R. S. Farrell (Portland), 2 and 1. J. Gillson (Portland) defeated T. S. McPherson (Victoria), 5 and 4. J. A. Scott (Victoria) defeated A. Sheret (Victoria), 7 up. F. C. Rippe (Seattle) defeated W. W. Miller (Seattle), by default.

CLASS "D" G. G. Jones (Portland) defeated B. E. Buckmaster (Tacoma), 1 up. P. M. Warren (Portland) defeated F. Wilkinson (Vancouver), at 21st. Dr. O. B. Wright (Portland) defeated W. L. McCormick (Tacoma), 7 and 5. W. H. Hayden (Seattle) defeated R. Long (Vancouver), 1 up.

First Flight B. W. Paul (Victoria) defeated Dr. H. E. Allen (Seattle), 6 and 5. B. S. Heisterman (Victoria) defeated A. F. Knabbe (Bellingham), at 19th. Capt. McGillivray (Seattle) defeated Justice M. A. Macdonald (Victoria), 5 and 4.

Second Flight A. R. Gardner (Tacoma) defeated W. B. Stratton (Seattle), 7 and 6. E. G. Griggs (Tacoma) defeated R. E. Sewall (Portland), 3 up. H. J. Foster (Seattle) defeated G. R. Carter (Tacoma), 2 and 1. W. Gilchrist (Vancouver) defeated M. H. Dobie (Vancouver), 5 and 4.

Third Flight R. D. Merrill (Seattle) defeated F. N. W. Parker (Seattle) defeated R. F. Swiger (Portland) at 19th. F. J. Fulton (Kamloops) defeated Dr. Boettcher (Seattle) at 19th. H. E. Karling (Seattle) defeated A. W. Blake (Vancouver), 3 and 1. Dr. J. E. Weeks (Portland) defeated Wells Gilbert (Portland), 4 and 3.

Seventh Flight A. E. Clark (Idaho) defeated J. A. Coleman (Seattle), 1 up. P. H. Leach (Victoria) defeated F. G. Fowkes (Victoria) by default. I. L. Hyland (Seattle) defeated Dr. J. S. Plasket (Victoria), 3 and 1. A. Gunnason (Victoria) defeated H.

BLUE RIBBONS' TRIP TO CHICAGO OFF; PLANS FOR COMING SEASON DOUBTFUL

All chances of Victoria's Blue Ribbons, Canadian senior men's basketball champions, going to Chicago to meet the Tulsa Oilers for the world amateur championship at the World Fair, vanished into the blue skies the other day when J. A. Barnwell, representative of the Blue Ribbon Company, backers of the team, wired the Tulsa club it would be impossible for his team to make the trip. Loss of Lynn Patrick and possibly his brother Muzz, who are both expected to leave for Montreal within a few weeks where they will make their home in the future, ruined all hopes of the Ribbons making the trip. The Patrick brothers were two of the main cogs in the Ribbons club.

Plans of the Blue Ribbons for the coming season are doubtful. If the two Patrick boys are missing from the lineup it will mean a lot of plugging to fill their places. Joe Ross and Tommy Little, veteran guards, have decided to retire. With this pair out of the game the champions are left with only four men, Art and Chuck Chapman, Johnny Craig and Claude Sluggert. It is understood Doug Feden, promising young forward, will turn out with the Ribbons this season, but they will also have to secure several additional players to rebuild their championship squad.

W. Alexander (Seattle), 3 and 2. Judge P. S. Lammman (Victoria) defeated W. D. McDonald (Seattle) by default. J. B. Lusby (New Westminster) defeated F. C. Neal (Tacoma), 4 and 3. J. A. Scott (Victoria) defeated W. E. Burns (Vancouver) by default.

Fourth Flight S. W. Barker (Seattle) defeated D. Campbell (Bellingham) by default. J. O. Cameron (Victoria) defeated B. G. Campbell (Seattle) at 19th. W. Richmond (Seattle) defeated W. G. Monroby (Victoria) at 19th. G. T. Myers (Seattle) defeated G. H. Bacon (Seattle), 7 and 5.

Fifth Flight N. U. Carpenter (Portland) defeated L. H. Hamilton (Portland), 4 and 3. R. W. Wilbur (Portland) defeated E. G. Anderson (Seattle), 7 and 6. L. G. Pattullo (Seattle) defeated T. C. Morgan (Vancouver), 1 up.

Sixth Flight Senator J. H. King (Vancouver) defeated C. C. Colt (Portland), 1 up. N. W. Parker (Seattle) defeated R. F. Swiger (Portland) at 19th. F. J. Fulton (Kamloops) defeated Dr. Boettcher (Seattle) at 19th. H. E. Karling (Seattle) defeated A. W. Blake (Vancouver), 3 and 1. Dr. J. E. Weeks (Portland) defeated Wells Gilbert (Portland), 4 and 3.

Seventh Flight A. E. Clark (Idaho) defeated J. A. Coleman (Seattle), 1 up. P. H. Leach (Victoria) defeated F. G. Fowkes (Victoria) by default. I. L. Hyland (Seattle) defeated Dr. J. S. Plasket (Victoria), 3 and 1. A. Gunnason (Victoria) defeated H.

Vernon, Aug. 17.—Running up a score of 237 runs for four wickets here yesterday, the touring Vancouver senior cricket team easily defeated the Lavington eleven, who were all out for 137 runs. Vancouver scored 74. Reed 62, T. Smith 34, Pearson 74, Gardiner 33 and Salt 23 not out. The tourists won against Kamloops Tuesday, 115 to 101.

The Times Long Distance Swim ENTRY FORM

Any swimmer who wishes to compete in The Victoria Times long distance swim through Victoria from the Gorge to the Caseway on Saturday, August 26, is asked to cut out this form, fill it in and send it to the Sports Editor of The Times before 6.30 o'clock, Thursday evening, August 24.

Calgary Shot Wins Macdonald Brier At Ottawa Meeting

Sgt. C. E. Iddiols Captures Feature Match at D.R.A. With 99 Out of 100

HAMILTON MEN HAVE BIG DAY

Grant Heads B.C. Entrants in Brier Shoot; Keen Competition Features

Connaught Ranges, Ont., Aug. 17.—Sergeant C. E. Iddiols of the Thirteenth Machine Gun Corps of Calgary, put on a fine exhibition of marksmanship yesterday, to take the honors in one of the greatest matches of the Canadian "Bisley," the Macdonald Brier shoot.

Despite a broiling sun that brought a tricky mirage to the targets, and a stiff westerly breeze, Iddiols, scored 49 out of 50 at 300 yards, and came back to the 600-yard distance to mark up a perfect score of 50, for a total of 99. It brought him the first money award of \$100—second only to the Governor-General's match—and the silver medal.

As the big annual meeting of the Dominion of Canada Rifle Association reached the half-way mark, yesterday, honors were widely scattered. Hamilton shot off largely in the day's events. Sergeant A. G. Campbell of the Argyle and Sutherland Highlanders, won the Life Members' match, putting on a great score of 49 out of a possible 50 at the longest range of the whole meeting—1,000 yards—to win the silver medal and \$20. Then Lieut.-Col. C. W. Gibson, Hamilton, won the shoot-off for the Patterson Cup in the Bakers' match.

There were no fielders' errors made by either team in the Victoria-Portland game. The latter aggregation looked a likely winner after the batting of Moffat and Scaife. When these two were retired, the score stood at 48 runs with only four wickets taken. Wilkinson's deadly bowling, however, shattered the Portlanders' chances, when he took the last three wickets with successive bowls.

Next best to Campbell's 49 in the Life Members' was Sergeant T. A. Jensen, Calgary, who scored 47. I. M. Grant of the Royal Canadian Air Force, Vancouver, got 43.

In the Macdonald Brier match ten shots at 300 and 600 yards, A.C.Q. I. M. Grant headed the British Columbians, taking fourth place with 97. Scores of 91 were in the prize list. Other British Columbians men listed are: Corpl. B. W. Beaumont, 90; Sgt. R. T. Davies, 85; Corpl. C. W. Macdonald, 84; Sgt. H. E. Regan, 84; Corpl. H. L. Taylor, 83; C.Q.M.I. W. H. Wood, 82; Capt. D. Fyvie, 82; Lieut.-Col. R. M. Blair, 82; Sgt. A. E. Ashe, 82.

Life Members' match, ten shots at 1,000 yards with quick changes. Sgt. A. E. Ashe headed the British Columbians with 45. Others in the prize list were: Corpl. I. M. Grant, 44; Corpl. H. L. Taylor, 42; and Corpl. A. H. Greenwood, 42.

Duncan, Aug. 17.—The Duncan junior lawn tennis tournament bids fair to be bigger and better than ever this year, according to the number of entries received by the secretary, N. B. Staples. Already several players in Victoria have announced their intention of being on hand, with many of Vancouver's best juniors, and ranking juniors from Seattle, as well as up-land and local contestants.

E. V. Young, Vancouver, secretary of the B.C. Lawn Tennis Association, will act as official referee. The entries close on August 16, and play commences next Monday.

Vancouver Cricket Team Beats Vernon

Vernon, Aug. 17.—Running up a score of 237 runs for four wickets here yesterday, the touring Vancouver senior cricket team easily defeated the Lavington eleven, who were all out for 137 runs. Vancouver scored 74. Reed 62, T. Smith 34, Pearson 74, Gardiner 33 and Salt 23 not out. The tourists won against Kamloops Tuesday, 115 to 101.

Twilight Baseball League Clubs Meet in First Game of Finals To-night

Having disposed of the Taylors in straight games, the Sons of Canada Twilight Baseball League nine will continue their fight for the league championship at the Athletic Park to-night, when they stack up against the fast-stepping Rosebuds in the first game of the final play-offs. The fixture will get under way at 6 o'clock with Chesworth in charge.

Whitford Shoelocks, first string batter in the Canadians' camp, is expected to parade to the mound in this important fixture, with Henry Woodford completing the battery. The remainder of the club will be the same as that which eliminated the Taylors in straight games.

Halley Jackson, ace moundman for the Rosebuds, and the league's leading hitter, will work for the Rosebuds. Rabey, flashy backstop ace, will be on the receiving end.

Blackpool, Aug. 17.—The British West Indies touring cricket team scored 165 runs in its first innings against Sir Lindsay Parkinson's eleven yesterday, and the home team had replied with 70 for the loss of five wickets at the close of play yesterday evening.

Neither team appeared able to do much with the other's bowling and the highest score for the day was that of Ben Sealey, West Indies' heavy hitter, who had 89.

Alberta Cadet Wins at Ottawa

Connaught Ranges, Ont., Aug. 17.—Young Cadet R. M. Tupper, Wayne, Alta., posted a fine score of 99 out of a possible 100 in the open match for cadets to take the Cadet Medal and 98 in the D.R.A.'s big annual meeting yesterday.

The open match is one of the features of the cadet miniature rifle shoot being conducted along with the great service rifle classics.

CITY HOLDS FIRST PLACE

Victoria Maintains Top Berth in Second Half of Wednesday Cricket

Defeats Fairfield Club By 19 Runs; Hudson's Bay Wins From Five C's

LEAGUE STANDING	
	P. W. L. D. Pt.
Victoria City	4 3 1 0 9
Five C's	5 2 2 1 6
Hudson's Bay	4 2 2 0 6
Fairfield	5 1 3 1 4

Continuing their bid for second-half honors in the Wednesday Cricket League, Victoria City yesterday afternoon defeated Fairfield by 19 runs, to take a comfortable lead in the official standing. In the other game Hudson's Bay set back Five C's by 43 runs, to lessen the latter's chances of winning the second half.

The City seven now has two games left to play, and if they win these, will clinch the league for them. Victoria was also the winner of the first half.

PERFORMERS "HAT TRICK" Yesterday's games were featured by the batting of Frank Tyrrell for Hudson's Bay, who contributed sixty-one runs in a fine stand, and the bowling of Jack Payne and George Wilkinson for the Five C's and Victoria City, respectively. Payne took six of the C's wickets for 16 runs, while George Wilkinson performed the "hat trick" to ruin Fairfield's chances of winning, after Doug Fletcher and his boys had looked as though they might pull a surprise win.

There were no fielders' errors made by either team in the Victoria-Portland game. The latter aggregation looked a likely winner after the batting of Moffat and Scaife. When these two were retired, the score stood at 48 runs with only four wickets taken. Wilkinson's deadly bowling, however, shattered the Portlanders' chances, when he took the last three wickets with successive bowls.

Buffalo Man Holds Only Pasteboard on Rich Daily Double at Fort Erie Track

Discovers Loss in Time and Prevents Another Person From Cashing It

Fort Erie, Ont., Aug. 17.—Leo J. Haffner, Kenmore, Buffalo suburb, won the so-called daily double at the Niagara Racing Association's track here yesterday afternoon, then lost the ticket. The ticket calls for payment of \$2,967.35 on a \$3 investment. It was the only one sold to the doublets selling for \$3 each.

Haffner discovered his loss after the first race had been run and notified the ticket seller, saying he wished to be protected in the event Fire Reel should win.

Later in the afternoon another man presented the winning ticket and demanded the money. He was told there was a question of ownership and an official of the racing association would be called to discuss the matter. Haffner has engaged an attorney and the latter will take court action to-day in an effort to restrain payment to anyone except his client.

Wheat Prices Rise At Winnipeg Pit As Traders Follow U.S.

Winnipeg, Aug. 17.—Aided by good export purchases, values on the Grain Exchange followed prices in the Chicago market upward to-day and at the close were 3 1/2 to 3 3/4 cents above their "pegged" level.

Trading snapped out of its lethargy early in the session, and gains were quickly chalked up. After their initial upturn, values never looked back at the pegged minimum as traders gleefully executed their trades. October closed at 72 1/2, December 74 1/2 and May 79 1/2 cents.

Traders estimated about 1,000,000 bushels of Canadian wheat had been sold for export during the morning and strength at Liverpool aided the firmness. Near the close Liverpool was 15 1/2 higher. Weather reports from the Argentine were bullish in character.

With better demand for higher grades of cash wheat, spreads improved at the close. Coarse grains were all firm, with flax shooting up about 7 cents.

Dorothy Dix's Letter Box

Husband of Spendthrift Urged to Make Wife Feel She Has Active Interest in His Business. What's the Matter With Uncontrollable Children?

DEAR MISS DIX—I am just the average type of a man, in business for myself for the last three years. No bad habits. Like a quiet, peaceful home life and try to get it. Fond of social life and outdoor sports. When I started in business with a small capital, I tried to impress upon my wife that for a while it would be a struggle, and we would have to keep within bounds to make ends meet. Give her a liberal allowance, but she is always in debt, always has bills unpaid. She wastes as much food as we eat. Personally, I hate to owe money, rather do without things, but my wife can't see it that way.

I am tired of the constant bickering on the allowance subject, tired of the constant nagging about why I don't make a fortune like the heroes in story books and moving pictures, and am rapidly getting to the point where I feel that all the energy and worry of trying to succeed without some encouragement is not worth while.

My business and its troubles are never discussed at home. My only object is to have my affairs in such a shape that in the event of my death there will be something left for my wife and my one child. But how to make her see that you cannot spend all you earn and have a home, life insurance and keep a business going?

GEORGE G.

Answer—Any woman is a mighty poor sport and a mighty poor wife who isn't willing to economize and get her budget to the bone to help an energetic and ambitious young husband to get a start in the world. Also she is a very stupid woman and a very short-sighted one, because every dollar that she saves and puts into the business will come back to her, multiplied a hundred or a thousandfold in the future.

Ninety-nine per cent of the women in this land of ours, who are riding around in limousines and wearing Paris confections and ropes of pearls, scripped on cotton frocks that they made themselves and darned their stockings and walked forty blocks to cut-rate butcher shops to get cheap cuts of meat when they were young married women, so that the money they saved by their scrimping could go to pay off the debt in the bank or hire a new clerk in the store or expand the business.

The prosperity of many and many a millionaire concern was built on the dime that a thrifty wife pinched, and I have heard a rich man say in speaking of his days of struggle that he owed his success to his wife just as much as to his own efforts and that without her thrift and economy he must have failed.

For no poor young married man, unless he has the co-operation of his wife, can succeed. She can always waste more than he can make, for it is literally true, as the homely old proverb has it, that a woman can throw more out of the back door with a teaspoon than a man can throw in at the front door with a shovel.

A long time ago a young man asked Bill, the great railroad builder, how he could tell if he would succeed in life. To which Bill replied: "That is easy. Can you save? If you can save you will succeed. If you cannot save you will be a failure." And this is a test that never fails because the ability to save is a test of character. It takes courage. It takes strength. It takes self-control. It takes the forward-looking vision to enable one to do without the little thing one wants to-day in order that one may have the big thing to-morrow.

I think no man is more unfortunate than the one who is married to a woman who is so dull or so weak or so self-indulgent that she cannot be made to see the necessity of saving, who cannot be made to appreciate that it is in his youth that a man's opportunity to get established in the world comes to him, and that the only way that he can take advantage of this is to have some money laid by. Such a woman breaks her husband's heart by her lack of co-operation. She fails him when he needs her most. She paralyzes his ambition. She kills his initiative and slows down his effort, because he sees no possibility of going ahead when she holds him back by her extravagance.

And she turns his life into ashes and dust because she enslaves him to the milliner and the dressmaker and the butcher and the baker and he sees himself after a life of toil a poor, dependent old man buried under tons of his wife's bills.

You are right, George, in urging your wife to save and to live within your income, but I think you have made a grievous mistake in one thing, and that is in not talking over your business troubles and anxieties with your wife. Perhaps if you will do that you can yet awaken her to the necessity of helping you. Perhaps if you will explain to her that the reason you cannot give her a bigger allowance and why she must not run up any bills on the outside, is because you are struggling to keep your business going, she will be willing to deny herself something in order to save the business. Make her feel that the business is her business, and that she is just as responsible for it as you are.

It is a common thing for women who have been extravagant wives to become penurious when their husbands die and the money passes into their own hands. A lot of women feel that all they can get out of their husbands is just that much to the good, but when it is their own money they are spending it is a different tale, and that is why I think that every man is wise to talk over his business matters with his wife and make her feel that she is an active partner in them.

And perhaps if you will take an active interest in her budget you can help her spend her money more wisely and inspire a pride in her in making it go as far as possible. You can make saving a mighty interesting game and there is nothing really more thrilling than spreading one dollar over the space of five.

But I am sorry for any woman who isn't willing to help her husband build up his business. She is missing one of the most enjoyable experiences in life. And she is missing having the ten-cent string of glass beads she threw on the water returned to her in fifteen or twenty years' time a diamond necklace.

DOROTHY DIX.

DEAR MISS DIX—I have been married twelve years and I have a splendid husband, a good home, a nice car and I would be perfectly happy if I could only manage my children. I have four, aged eleven, nine, six and four, all perfectly normal, healthy youngsters, but they will not obey me or their father and pay no attention to anything we say to them. They tease and fret one another all the time and are very quick-tempered and always in a fight, and when one of them has anything to play with they all want it right away, although they have never noticed it before. They have everything to make them happy as their father never refuses them anything. Please give me your honest opinion about what is the trouble.

MISS C. W. M.

Answer—Any parents who admit that they cannot control their young children should be ashamed of themselves. They acknowledge that they have failed utterly in their duty, for if you have not established authority over youngsters by the time they are eleven years old there is small chance of your ever doing so. "Train up a child in the way he should go and when he is old he will not depart from it," said Solomon, and that truth stands to-day as it has from the very beginning of time. You have to mold children's characters when they are young and plastic. You have to start their baby steps in the right direction if you want them to follow it.

The reason your children do not obey you and have no respect for you is because you have been too weak and too indulgent to them. You have never issued a command and compelled them to obey it, by force, if necessary. You have never said a thing and stuck to it. You have let them tease you into doing anything they wanted to do, and as the result they know you are wishy-washy, and that they can get their own way if they will only persist.

As to how you can retrieve the ground you have lost, that is a difficult matter. I know of only one case in which it was done, and that was by the father and mother going to Europe for six months and putting in their place a determined disciplinarian who was kind to the children, but firm with them, and who liked them into shape before the parents returned. She reformed the youngsters' morals and manners so that their father and mother scarcely recognized them.

She taught them to play fair, to respect one another's rights, to keep regular hours, to keep themselves clean, to obey when they were spoken to and to show deference to their elders. My suggestion to you is to find such a wild animal trainer and put her in charge of your youngsters for a while. Perhaps after she got them straightened out you could keep up the good work.

DOROTHY DIX.

Horoscope

FRIDAY, AUGUST 18, 1933

Contrary planetary aspects are active today, according to astrology. It may be a time of mishaps, disappointments and accidents.

Judgment may be rendered under this sign. Even the decision to go fishing may lead into unexpected perils.

The temptation to deceive, or at least to tell big stories, is said to be strong today.

This configuration continues. Egotism may be more intensely revealed than usual. It is well for those who enjoy sailing to be extraordinarily cautious under this planetary environment. In many places sudden changes of weather are indicated.

Association with prosperous persons is supposed to be particularly beneficial while this aspect prevails. Modest wealth may be recognized and rewarded after hours passed in hunting or golfing.

Both men and women have a good promise of success through whatever is projected on this date. Initiative is well guided by the stars.

Women are fortunate at this time, when they may expect to meet with co-operation in the fields of business or the learned professions.

At the so-called "silly season" waxes love.

Empire Air Routes Show Great Growth

FIVE VESSELS AT CHURCHILL

Churchill, Aug. 17.—Four giant ocean-going grain carriers were in port here yesterday evening and a fifth was expected to dock to-day.

The Rio Claro arrived late yesterday, bringing the total arrivals for the day to four. The Thomas Walton, grain boat from Montreal, and the Brandon arrived earlier, about the same time as the government sea-going tug, Ocean Eagle. The Pennyworth arrived last Sunday.

Water ballast began pouring from the Thomas Walton as she prepared to load grain for European ports and unloading of the Pennyworth's coal cargo neared completion. The latter is to sail at the end of the week.

The Walton, the Brandon and the Rio Claro will follow her closely. The Stevens is due to dock some time today, ready for a fifth wheat cargo out of the summer-season northern port.

Montreal, Aug. 17.—Bound for Churchill to load grain, the British tramp steamer, Longwood, cleared from here yesterday. This is the second vessel to leave Montreal for the northern Manitoba port this season as the Thomas Walton sailed for Quebec August 5. The Longwood arrived here a week ago with coal from Swansea.

Just Fourteen Years Since London to Paris Air Route Was Established

Air Mail Routes From India to Australia Are Being Pushed Ahead To-day

London, Aug. 17.—Another milestone is now reached in the history of aerial transport, it being just fourteen years since, in August, 1919, the first service between London and Paris, and facts and figures tabulated indicate, briefly, the remarkable progress which the airways have made in these years from 1919 to 1933.

Even before the end of the Great War the British authorities realized the possibilities which lay before the post-war commercial aviation, and the Civil Aerial Transport committee was established to survey the whole field of peace-time flying. Then, immediately after the armistice, the Air Ministry and, in August, 1919, the world's first daily air express between London and Paris was inaugurated. It was a service between the two capitals in a small and noisy craft; whereas to-day the fare is only 625 by the de-luxe service of speed flying, while for the standard service it is only 400. The latter is a four-day flying time, while for the standard service it is only 400. The latter is a four-day flying time, while for the standard service it is only 400.

In the very first week of the pioneer London-Paris service one of the airmen flew through a gale attaining a force of 100 miles an hour, while after they had been in operation only three months the London-Paris planes proved so dependable that the post office entrusted them with the carriage of its mail. And now to-day, flying more than 2,000,000 miles a year, and carrying annually over 60,000 passengers, the British air lines operate with a reliability of just over 100 per cent. Fourteen years ago, one may mention, it cost half-a-crown to send a letter by air from London to Paris. To-day, however, the figure is only one penny, while for a standard letter it is only one penny.

It was after five years of pioneer operation that all the British air organizations then operating were merged in one national enterprise of Imperial Airways. Fifteen aircraft were all the company owned when it began flying, comprising forty powerful multi-engine machines, consists of a fleet of the largest and most luxurious aircraft in the world.

From the first it has been one of the chief aims of Imperial Airways to concentrate upon the development of Empire air transport. Four years ago, in 1929, the first Empire airline, extending for 8,000 miles to India, was inaugurated. Then, in 1931, came the initial sections of the route to South Africa, followed the next year by the completion of the through service of 8,000 miles between London and Cape Town. To-day stage by stage, the Indian air mail is being continued to Australia, after which there will be further air links to New Zealand and New Caledonia, while a project to which close attention is being paid is for a British air mail across the Atlantic, connecting with the airway systems of Canada, the United States, and the West Indies.

Since they began operations, nine years ago, the aircraft of Imperial Airways have flown a total of 10,708,000 miles, and have carried nearly 200,000 passengers, from 1919 to 1933. It may be said that during this all-important phase our British airways have achieved the simplest proof of their speed, reliability, and comfort. And to-day air loads continue their rapid growth, recent increases in passenger traffic having, in certain cases, been from as much as sixty to 100 per cent. Air freight, also, has increased lately by thirty per cent, and letter mail by more than twenty per cent; while on the Empire routes, during recent months, there has been an all-round traffic growth of approximately fifty per cent.

Young Stowaway Lands in Jail

Honolulu, Aug. 17.—Hawaii's first heavy-handed on stowaways, operating under the authority of the recent drastic anti-stowaway law passed by the Hawaiian Legislature, have fallen on Harold Homer Lyche, twenty-one years old, native of Boston and reported student at the Boston University.

Lyche claimed in Honolulu to have left Boston in July and hitch-hiked to San Francisco with \$20 in his pocket. Unable to find work on the coast, he boarded the Matson liner Lurline with visitors July 29, in San Francisco, was found and turned over to the police upon arrival at that vessel in Honolulu harbor.

During the ship's stay in the islands, Lyche's sole glimpse of that romantic place was from the barred windows of the city jail, from which he was removed on sailing day and returned to San Francisco in custody of the Lurline, confined to quarters.

Hawaii's drastic move in curbing stowaways to the islands is for protection of island people from undesirable elements and in protection of youths from their false hope that they might find work once they reached the destination. To that end, every stowaway apprehended is subject to imprisonment or heavy fine at the option of the judge, with return to point of embarkation without opportunity of looking for work in Hawaii nor seeing anything of the islands.
